MATTAPOISETT HOUSING AUTHORITY
Proposed Annual Plan for Fiscal Year 2026
For State-Aided Public Housing

The Annual Plan is a document compiled by housing authority staff in advance of each new fiscal year. The plan serves as both a tool for the Local Housing Authority (LHA) to reflect upon the prior fiscal year, and as an opportunity to develop a clear and transparent plan that builds on successes, identifies needs, and corrects any issues that have arisen in prior years. Additionally, the Annual Plan is an important tool for tenants, who may use the document to better understand the operations and needs of their housing authority, advocate for changes to policies and procedures, access data about the housing authority, and participate in their housing authority's governance.

In addition to the physical document, the Annual Plan is also a process of public engagement. Throughout the Annual Plan process, the LHA executive director or their designee will be expected to review the Plan with any Local Tenant Organizations (LTO's) and Resident Advisory Board (RAB) before the LHA presents the plan to the LHA Board of Commissioners; make a draft available for review to all residents and the general public; post on the website and make a copy available to each LTO at least 30 business days before the public hearing; hold a hearing on the document; and collect, integrate, and report back on substantive comments. Additionally, the Board will read, offer recommendations, and approve the Annual Plan in advance of its submission to EOHLC.

The law that mandates the Annual Plan is An Act Relative to Local Housing Authorities, Massachusetts General Laws, Chapter 121B Section 28A. The regulation that expands upon Section 28A is 760 CMR 4.16. The regulations that address Local Tenant Organization (LTO) and resident participation in the Annual Plan are 760 CMR 6.09 (3)(h) and 760 CMR 6.09(4)(a)(4).

The MATTAPOISETT HOUSING AUTHORITY's Annual Plan for their 2026 fiscal year includes the following components:

1. Overview and Certification
2. Capital Improvement Plan (CIP)
3. Maintenance and Repair Plan
4. Operating Budget
5. Narrative responses to Performance Management Review (PMR) findings
6. Policies
7. Waivers
8. Glossary
9. Other Elements, which may include:
    a. Approval documents and any Public Comments
    b. Tenant Satisfaction Survey
    c. Performant Management Review report
    d. Other documents added by LHA

State-Aided Public Housing Developments

The following table identifies the state-aided public housing units with developments of more than 8 units listed separately. Units in developments of 8 or fewer units are aggregated as noted. Units that the LHA provides to assist clients of the Department of Mental Health (DMH), the Department of Developmental Services (DDS), or other agencies are also aggregated separately.

Dev No	Type	Development Name	Num Bldgs	Year Built	Dwelling Units
667-01	Elderly	VILLAGE COURT	2	1982	54
200-01	Family	HOMESTEAD COURT	10	1950	10
Total			12		64

LHA Board of Commissioners

	Role	Category	From	To
Charles McCullough	Chair		05/01/2024	05/01/2029
John Vaughn	Treasurer		05/01/2023	05/01/2028
Suzanne Kennedy	Member	Tenant	05/01/2022	05/01/2027
Leda Kim	Vice Chair		05/01/2021	05/01/2026
Margarett DeMello	Member	State Appointee	06/01/2023	06/01/2028

Plan History

The following required actions have taken place on the dates indicated.

REQUIREMENT		DATE COMPLETED
A.	Advertise the public hearing on the LHA website.	3/24/2025
B.	Advertise the public hearing in public postings.	3/24/2025
C.	Notify all LTOs or RAB (if there is one) of the hearing and provide access to the Proposed Annual Plan.	N/A
D.	Post draft AP for tenant and public viewing.	4/15/2025
E.	Hold quarterly meeting with LTO or RAB to review the draft AP. (Must occur before the LHA Board reviews the Annual Plan.)	N/A
F.	Annual Plan Hearing. Hosted by the LHA Board, with a quorum of members present. (For Boston, the Administrator will host the hearing.)	6/10/2025
G.	Executive Director presents the Annual Plan to the Board.	6/10/2025
H.	Board votes to approve the AP. (For Boston Housing Authority, the Administrator approves and submits the AP.)	6/10/2025

Certification

CERTIFICATION OF LHA USER AUTHORIZATION FOR EOHLC CAPITAL SOFTWARE AND HOUSING APPLICATIONS

I, Kimberly Conn, Managing Agentof the MATTAPOISETT HOUSING AUTHORITY, certify on behalf of the Housing Authority that I have conducted an annual review of all MATTAPOISETT HOUSING AUTHORITY users of EOHLC Capital Software applications and Housing Applications and that all current LHA users are authorized to use the systems and have the appropriate level of user access based on their job responsibility. I approve all system access and access levels for all MATTAPOISETT HOUSING AUTHORITY users.

This certification applies to the following applications:

- Capital Planning System (CPS)
- Consolidated Information Management System (CIMS)
- Cap Hub
- EOHLC Housing Management Systems
- CHAMP

CERTIFICATION FOR SUBMISSION OF THE ANNUAL PLAN

I, Kimberly Conn, Managing Agent of the MATTAPOISETT HOUSING AUTHORITY, certify on behalf of the Housing Authority that: a) the above actions all took place on the dates listed above; b) all facts and information contained in this Annual Plan are true, correct and complete to the best of my knowledge and belief and c) that the Annual Plan was prepared in accordance with and meets the requirements of the regulations at 760 CMR 4.16 and 6.09.

The Board and Executive Director further certify that LHA operations and all LHA Board-adopted policies are in accordance with M.G.L. c. 121B and all Massachusetts state-aided public housing regulations, including, but not limited to 760 CMR 4.00; 5.00; 6.00; 8.00; and 11:00, as well as adhere to Department-promulgated guidance.

Date of certification: 7/10/2025

The Executive Office of Housing and Livable Communities (EOHLC) completed its review of this Annual Plan (AP) on . Review comments have been inserted into the plan.

Capital Improvement Plan

EOHLC Description of CIPs:

The Capital Improvement Plan (CIP) is a five year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The CIP identifies anticipated spending for each Department of Housing and Community Development (EOHLC) fiscal year (July 1 to June 30) based on the project schedules.

Local Housing Authorities (LHAs) receive yearly awards from EOHLC (Formula Funding Awards) which they target to their most urgent capital needs in their CIP. They may also receive special awards from EOHLC for specific projects which meet specific criteria. Special awards may be given for certain emergency, regulation compliance, energy and water conservation, and other projects. The first three years of the CIP are based on actual awards made to the LHA, while years four and five are based on estimated planning amounts, not actual awards.

LHAs may sometimes secure other sources of funding and assistance that you will note in their CIP, such as: Community Preservation Act (CPA) funding, Community Development Block Grant (CDBG) funding, Local Affordable Housing Trust Funds (AHTF), HOME grants, income from leasing a cell tower on their property, savings from net meter credit contracts with solar developers, utility rebates and contracted work from utility providers, and Sheriff's Department work crews. However, not all of these funding sources are available every year, or in all communities.

The CIP includes the following parts:

- A table of available funding sources and amounts
- A list of planned capital projects showing spending per fiscal year
- A table showing special awards and other funding for targeted projects, if any, which supplements Formula Funding awarded to the LHA
  A 'narrative' with a variety of additional information.

Capital Improvement Plan (CIP)

Aggregate Funding Available for Projects in the First Three Years of the CIP:

Category of Funds	Allocation	Planned Spending	Description
Balance of Formula Funding (FF)	$549,532.80		Total of all FF awards minus prior FF spending
LHA Emergency Reserve	$54,953.28		Amount to reserve for emergencies
Net FF Funds (First 3 Years of the CIP)	$494,579.52	$478,940.86	Funds to plan & amount actually planned in the first 3 years of the CIP
ADA Set-aside	$6,550.94	$6,550.94	Accessibility projects
DMH Set-aside	$0.00	$0.00	Dept. of Mental Health facility
DDS Set-aside	$0.00	$0.00	Dept. of Developmental Services facility
Unrestricted Formula Funding (FF)	$488,028.58	$472,389.92	Funds awarded by DHCD to be used on projects selected by the LHA and approved by DHCD.
Special DHCD Funding	$2,382,521.12	$2,371,721.12	Targeted awards from DHCD
Community Development Block Grant (CDBG) Funds	$0.00	$0.00	Federal funds awarded by a city or town for specific projects.
Community Preservation Act (CPA) Funds	$149,927.68	$149,927.68	Community Preservation Act funds awarded by a city of town for specific projects.
Operating Reserve(OR) Funds	$0.00	$0.00	Funds from the LHA's operating budget.
Other Funds	$0.00	$0.00	Funds other than those in the above categories. See explanation below.
Total funds and planned spending	$3,027,028.32	$3,000,589.66	Total of all anticipated funding available for planned projects and the total of planned spending.

CIP Definitions:

ADA Set-aside is funding allocated within the Formula Funding (FF) for use on projects that improve accessibility for people with disabilities. 10% of FF awards are designated for this purpose.

Available State Bond Funding is the amount of State Bond Funding available to the LHA for the first three years of the CIP. It is calculated by totaling all of FF and Special Awards granted to the LHA through the end of the third year of the plan and subtracting the amount of these funds spent prior to July 1 of the first year of the plan.

Amount spent prior to the plan is the total amount of Formula Funding (FF) and Special Awards spent prior to July 1 of the first year of the plan.

Capital project is a project that adds significant value to an asset or replaces building systems or components. Project cost must be greater than $1000.

CDBG stands for Community Development Block Grant, a potential source of project funds.

CPA stands for Community Preservation Act, a potential source of project funds.

CapHub Project Number is the number given to projects entered into DHCD's project management system known as CapHub.

DMH Set-aside is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Mental Health (DMH) program vendors, if any exist at this LHA.

DDS Set-aside is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Developmental Services (DDS) program vendors, if any exist at this LHA.

Formula Funding (FF) is an allocation of state bond funds to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

Operating Reserve is an account, funded from the LHA operating budget, primarily used for unexpected operating costs, including certain extraordinary maintenance or capital projects.

Other Funds could include other funding by the city or town or from other sources.

Special Awards are DHCD awards targeted to specific projects. Award programs include funds for emergencies beyond what an LHA can fund, for complying with regulatory requirements, for projects that will save water or energy use, and various other programs the department may run from time to time.

Total Cost is the sum of investigation, design, administration, permitting, and construction costs for a project

Unrestricted Formula Funding (FF) is money awarded to the LHA by DHCD under the Formula Funding program other than amounts set aside (restricted) for accessibility improvements or for facilities operated by DMH or DDS.

Regional Capital Assistance Team

Mattapoisett Housing Authority participates in the Regional Capital Assistance Team (RCAT) program and project implementation responsibilities are as follows:

o For projects with construction cost under $10,000, the LHA has the sole responsibility to initiate, implement and manage the project. RCAT offers technical assistance upon request.

o For projects with construction cost between $10,000 and $100,000 the RCAT will have lead responsibility to initiate, implement and manage the project with both DHCD and LHA involvement and oversight throughout the process. For projects in this range, the LHA will work with the RCAT Project Manager who will contact the LHA to initiate projects.

o For projects with construction cost over $100,000, or projects below that threshold that are complex or have a subsequent phase that exceeds $100,000 construction cost, DHCD will take the lead and draft a WO or RFS to hire a designer to prepare plans and specs. RCAT will not be involved in the implementation of projects in this range and the LHA will continue to work directly with the DHCD Project Manager and DHCD design staff.

Capital Improvement Plan (CIP) Narrative

Including Requests to DHCD & Supporting Statements

1. **Request for increased spending flexibility.**
   DHCD designates a spending target (cap share) and an allowable spending range for each year of the CIP. A Housing Authority may request to shift the cap shares of the first three years in order to increase scheduling flexibility. A CIP utilizing this flexibility is called an Alternate CIP. The total spending over three years and over five years must continue to meet the limits set by DHCD. DHCD will approve an Alternate CIP only with acceptable justification and only if funding is available.

   Mattapoisett Housing Authority has submitted an Alternate CIP with the following justification:

   - Projected spending on projects currently in bidding or construction exceeds Cap Share in one or more years of the CIP.
   - The TDC for a proposed project exceeds the Cap Share for a single year and it doesn't make sense to spread it

   Projected spending on projects currently in bidding or construction exceeds Cap Share in one or more years of the CIP and the TDC for a proposed project exceeds the Cap Share for a single year and it doesn't make sense to spread it over multiple years.

2. **Request for additional funding.**
   A Housing Authority may request additional funding from DHCD for projects that qualify as emergencies, required legal compliance upgrades, or sustainability improvements.

   Mattapoisett Housing Authority has not requested additional funding.

3. **Overall goals of the Housing Authority's CIP**

   The MHA's goal is to continue to work towards the most cost-effective solution to solve the heat gain issues in the common areas and hallways at 667-1. Active project #173095 Sliding Glass Door Replacement is currently in design.

4. **Changes from the Housing Authority's previous CIP**
   Every new CIP differs from the previous CIP because projects have been completed and a new year has been added with new projects. These changes and other significant changes to the content of the CIP are highlighted below:

   New priority projects for this year include, Concrete Stair and Walkway Replacement and Driveway seal coating at Homestead Ct. Unit Door and Door Hardware Upgrades, Parking Lot Repairs and EV Charging Stations at Village Ct.

5. Requirements of previous CIP approval

There were no special conditions attached to the approval of our previous CIP.

6. Quarterly capital reports

Our most recent quarterly capital report (form 80 and 90) was submitted on 05/29/2025.

7. Capital Planning System (CPS) updates

Our CPS facility data has been updated with current condition information, including changes resulting from projects completed in the past year, as of 03/31/2025.

8. Project priorities

All the projects in our CIP are high priority (Priority 1 and 2 projects).

9. High priority deficiencies

We have included all of our high priority (CPS priority 1 and 2) projects in our CIP.

10. Accessibility

We are not aware of any accessibility deficiencies in our portfolio.

11. Special needs development

Mattapoisett Housing Authority does not have a special needs (167 or 689 programs) development.

12. Energy and water consumption

Our 12 most recent monthly energy reports are for months 3/2024 to 2/2025.

The following table lists the DHCD thresholds for Per Unit Monthly (PUM) expense for electricity, natural gas, oil, and water use and the developments at the Housing Authority that have expenses in excess of the thresholds, if any.

	Electric PUM > Threshold	Gas PUM > Threshold	Oil PUM > Threshold	Water PUM > Threshold
Threshold PUM:	$100	$80	$50	$60

667-01

ASHP's were recently installed at this development in 2023/2024.

13. Energy or water saving initiatives

Mattapoisett Housing Authority is not currently pursuing any energy or water-saving audits or grants that could affect CIP project scope, costs or timing of projects.

14. Vacancy rate

Our unadjusted vacancy rate reported to DHCD is as follows. (The unadjusted vacancy rate captured in these figures is the percentage of ALL housing units that are vacant, including both offline units being used for other purposes and units with DHCD vacancy waivers.)

2% c. 667 (DHCD Goal 2%)
0% c. 200 (DHCD Goal 2%)
0% c. 705 (DHCD Goal 2%)

Mattapoisett Housing Authority will address the excess vacancies in the following manner:
The MHA has experienced an unusually high number of vacancies in a short amount of time and is working to turn units over as quickly as possible. The Maintenance Dept. is also limited consisting of one fulltime person for both 667 and 200 developments.

Maintenance and Repair Plan

Maintenance Objective

The goal of good property maintenance at a public housing authority is to serve the residents by assuring that the homes in which they live are decent, safe, and sanitary.

About This Maintenance and Repair Plan

This Maintenance & Repair Plan consists of several subsections describing maintenance systems followed by charts showing typical preventive maintenance, routine maintenance, and unit inspection tasks and schedules. These subsections are:

a. **Classification and Prioritization of Maintenance Tasks** - Defines and prioritizes types of work to be accomplished by maintenance staff and vendors. Explains how the housing authority is expected to respond to work orders (tasks or requests) based on the work order classification.
b. **Emergency Response System** - Defines what constitutes an emergency and how to notify staff of an emergency.
c. **Normal Maintenance Response System** - How to contact the maintenance staff for a non-emergency request.
d. **Work Order Management** - Description of the housing authority's system for managing work orders (tasks and requests).
e. **Maintenance Plan Narrative & Policy Statement** - Self-assessment, basic information, and goals for the coming year, along with a description of the housing authority's maintenance program.
f. **Preventive Maintenance Schedule** - A listing and schedule of tasks designed to keep systems and equipment operating properly, to extend the life these systems and equipment, and to avoid unexpected breakdowns.
g. **Routine Maintenance Schedule** - A listing and schedule of ordinary maintenance tasks such as mopping, mowing, raking, and trash collection required to keep the facilities in good condition.
h. **Unit Inspections** - Scheduling of annual unit inspections.

Classification and Prioritization of Maintenance Tasks

Maintenance items are tracked as "work orders" and are classified in the following categories. They are prioritized in the order listed. The following classifications and prioritization are required by the Department of Housing and Community Development (EOHLC).

I. **Emergencies** - Emergencies are only those conditions which are **immediately threatening** to the life or safety of our residents, staff, or structures.
   - Goal: initiated with 24 to 48 hours.

II. **Vacancy Refurbishment** - **Work necessary to make empty units ready for new tenants.**
   - After emergencies, the refurbishment of vacancies for immediate re-occupancy has the highest priority for staff assignments. **Everyday a unit is vacant is a day of lost rent.**
   - **Goal: vacancy work orders are completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver**.

III. **Preventive Maintenance** - Work which must be done to **preserve and extend the useful life** of various elements of your physical property and avoid emergency situations.
   - A thorough Preventive Maintenance Program and Schedule that deals with all elements of the physical property is provided later in the document.
   - The Preventive Maintenance Program is reviewed and updated annually and as new systems and facilities are installed.

IV. **Programmed Maintenance** - Work which is important and is completed to the greatest extent possible within time and budget constraints. Programmed maintenance is grouped and scheduled to make its completion as efficient as possible. Sources of programmed maintenance include:
   - Routine Work includes those tasks that need to be done on a regular basis to keep our physical property in good shape. (Mopping, Mowing, Raking, Trash, etc.)
   - Inspections are the other source of programmed maintenance.
     ◊ Inspections are visual and operational examinations of parts of our property to determine their condition.
     ◊ All dwelling units, buildings and sites must be inspected at least annually.
     ◊ **Goal: Inspection-generated work orders are completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue)**.

V. **Requested Maintenance** - Work which is requested by residents or others, does not fall into any category above, and should be accomplished as time and funds are available.
   - Requests from residents or others for maintenance work which does not fall into one of the other categories has the lowest priority for staff assignment.
   - **Goal: Requested work orders are completed in 14 calendar days from the date of tenant request or if not completed within that timeframe (and not a health or safety issue), the task is added and completed in a timely manner as a part of the Deferred Maintenance Plan and/or CIP.**

Emergency Request System

For emergency requests call the numbers listed here. Qualifying emergency work requests are listed below.

METHOD	CONTACT INFO.	TIMES
Call Answering Service		
Call LHA at Phone Number	508-758-4664	Monday & Wednesday, 8:30 AM - 1:30 PM
Other	508-728-8029	24/7 Emergency Maintenance Number

See attached **Preventative Maintenance Plan** for more details.

List of Emergencies - Emergencies are those conditions which are immediately threatening to the life or safety of our residents, staff, or structures. The following is a list of typical conditions that warrant an emergency response. If there is an emergency condition whether or not enumerated on this list please notify the office or answering service at the numbers listed above. If you have any questions regarding this list or other matters that may constitute an emergency, please contact the MATTAPOISETT HOUSING AUTHORITY main office.

QUALIFYING EMERGENCY WORK REQUESTS
Fires of any kind (Call 911)
Gas leaks/ Gas odor (Call 911)
No electric power in unit
Electrical hazards, sparking outlets
Broken water pipes, flood
No water/ unsafe water
Sewer or toilet blockage
Roof leak
Lock outs
Door or window lock failure
No heat
No hot water
Snow or ice hazard condition
Dangerous structural defects
Inoperable smoke/CO detectors, beeping or chirping

Normal Maintenance Request Process

Make normal (non-emergency) maintenance requests using the following methods:

Work Order Management

A. EOHLC review of this housing authority's operations shows that the authority uses the following system for tracking work orders: PHA Web

B. We do track deferred maintenance tasks in our work order system.

C. Our work order process includes the following steps:

Step	Description	Checked steps are used by LHA
1	Maintenance Request taken/submitted per the standard procedures listed above for the Emergency Request System and the Normal Maintenance Request Process.	☑
2	Maintenance Requests logged into the work system	☑
3	Work Orders generated	☑
4	Work Orders assigned	☑
5	Work Orders tracked	☑
6	Work Orders completed/closed out	☑
7	Maintenance Reports or Lists generated	☑

D. Additional comments by the LHA regarding work order management:

Maintenance Plan Narrative

Following are MATTAPOISETT HOUSING AUTHORITY's answers to questions posed by EOHLC.

A. Narrative Question #1: How would you assess your Maintenance Operations based on feedback you've received from staff, tenants, EOHLC's Performance Management Review (PMR) & Agreed Upon Procedures (AUP), and any other sources?

During the bi-annual PMR, EOHLC Facilities Maintenance staff commended our maintenance staff for a great job. Maintenance staff have successfully accomplished the maintenance goals of efficiency, quality work, and faster rates of unit turnovers. Additionally, residents will often stop by the office to compliment 'a job well done' on completion of their work orders by the maintenance staff.

B. Narrative Question #2: What changes have you made to maintenance operations in the past year?

Maintenance staff are participating in training courses, such as Fair Housing in Maintenance. Management has also hired part-time maintenance staff to assist with the groundskeeping, custodial and organizational tasks of the property and the maintenance storage shed.

C. Narrative Question #3: What are your maintenance goals for this coming year?

The hallway slider door replacements project at Village Court, which was scheduled for last year but held over for this coming year due to unforeseen circumstances, will be a very time-consuming and priority project for the authority. Additionally, through the management agreement, maintenance staff are encouraged to work together to streamline operations, follow proper procurement procedures, and maintain best practices in customer service and overall housing operations.

D. Maintenance Budget Summary

The budget numbers shown below are for the consolidated budget only. They do not include values from supplemental budgets, if any.

	Total Regular Maintenance Budget	Extraordinary Maintenance Budget
Last Fiscal Year Budget	$126,505.00	$42,769.00
Last Fiscal Year Actual Spending	$117,863.00	$49,951.00
Current Fiscal Year Budget	$145,465.00	$24,000.00

E. Unit Turnover Summary

# Turnovers Last Fiscal Year	4

Average time from date vacated to make unit "Maintenance Ready"	56 days
Average time from date vacated to lease up of unit	58 days

F. Anything else to say regarding the Maintenance Plan Narrative?

1. MAINTENANCE POLICY MISSION STATEMENT

The Maintenance Department of the Mattapoisett Housing Authority is responsible for managing the maintenance function in the most cost effective manner possible while maximizing the useful life of Authority units and properties while striving to provide the best service to our residents. The following policy statements are designed to establish the structure of an effective and efficient maintenance system.

By developing a maintenance system, the authority will have the tools it needs to control the performance of maintenance work at the Mattapoisett Housing Authority. The Mattapoisett Housing Authority maintenance system shall include the following components:

A. Prioritization of work
B. Performance standards and goals
C. Work order system
D. Deferred Maintenance
E. Skills Updates and Training program

A. Prioritization of Work

The work priorities adopted by the Mattapoisett Housing Authority deliver effective maintenance services for our improvements, residents & equipment. This priority system ensures that the most important maintenance work is done at a time it can be performed most cost-effectively. Minimizing vacancy loss is part of the cost-effectiveness calculation. The maintenance priorities of the Mattapoisett Housing Authority are the following:

1. Emergencies
2. Vacancies
3. Preventative Maintenance
4. Routine Maintenance
5. Requested Maintenance

Placing preventative and routine maintenance and vacancy preparation work ahead of resident work requests does not indicate that resident requests are unimportant. It emphasizes the importance of maintaining control of the maintenance work by performing scheduled routine and preventive work first. By doing so the Authority will decrease on-demand work and maintain the property in a manner that will keep and attract good tenants.

B. Performance Standards and Goals

The Executive Director establishes measures that will allow the efficiency of maintenance systems and activities to be evaluated. In establishing these standards, the Housing Authority will take into consideration certain factors:

1. Local/State Building and Fire Safety;
2. Mattapoisett Housing Authority job descriptions; and
3. Safety Measures.

Notwithstanding this will not prevent the Housing Authority from setting a standard that is higher than that contained in the documents. These standards will be used to evaluate current

operations and performance, to develop strategies to improve performance and meet the standards that have been set.

C. Work order system

The Mattapoisett Housing Authority shall have a comprehensive work order system that requires all resident work orders to be called into the office. To obtain the greatest effectiveness from the work order system, all work requests and activities performed by maintenance staff must be recorded on work orders. Work orders will contain, at a minimum, the following information:

1. Chronological preprinted number
2. Source of request (planned, inspection, resident, etc.)
3. Priority assigned
4. Location of work
5. Date and time received
6. Date and time completed
7. Description of work requested
8. Description of work performed
9. Indication if a contractor is called
10. Resident charge if applicable

D. Deferred Maintenance

Deferred maintenance could be upgrades or repairs that are deferred to a future budget cycle or postponed for some other reason. Sometimes, it is referred to as extraordinary maintenance. Deferred Maintenance should not be confused with capital projects that would be included in the Capital Improvement Plan (CIP).

No emergency work order should be categorized as deferred maintenance. Any work order that meets the definition of deferred must be categorized as such within 45 days of issuance of the work order. Life and Safety items, work order backlog and small/minor items will not be categorized as deferred in the Deferred Maintenance Plan.

Deferred work orders will be recorded in a Deferred Maintenance list by the Executive Director, after review/consultation with the Director of Maintenance. When our budget permits it, the necessary work will be completed. Deferred Maintenance would be used in the following situations:

1. Inspections
   Anything noticed during inspection that can wait until unit is vacant. Example: Carpet replacement and counter top replacement.
2. Seasonal
   Such as Landscaping, tree removal, grass seeding, etc.

3. Funding
   During a yearly inspection it was reported that common areas need to be repainted. Due to the severity of the winter our budget did not allow us to complete the necessary painting at this time.

4. Preventative Maintenance
   Painting, strip & wax floors, shampoo carpets, etc.

Items to be included in the Deferred Maintenance Plan:

- Description of task
- Date Added to Deferred Maintenance Module
- Site or Unit Number
- Reason Deferred
- Estimated Cost
- Original Work Order Number
- Target Completion Date
- Actual Completion Date
- Other Comments

E. Skills Updates and Training program

In order to allow its staff members to perform to the best of their abilities, the Mattapoisett Housing Authority recognizes the importance of providing the staff with opportunities to refine technical skills, increase and expand craft skills, and learn new procedures. Suggested training venues may include (but not limited to)

- MassNAHRO
- MassTAP
- Inspector General's Office
- MAHAMS
- SHADO / SMEDA
- Building Code updates/UPCS standard

2. MAINTAINING THE PROPERTY

A. Responding to Emergencies

Emergencies are the highest priority source of work. The Mattapoisett Housing Authority will consider a work item to be an emergency if the following occur:

1. The situation constitutes a serious threat to the life, safety or health of residents or staff; or
2. The situation will cause serious damage to the property structure or systems if not repaired within twenty-four (24) hours.

If a staff member is unsure whether or not a situation is an emergency, he or she will consult with another staff member for clarification. If this is not possible, the employee will use his/her best judgment to make the decision.

For emergencies that occur after regular working hours, the Mattapoisett Housing Authority shall have a twenty-four (24) emergency response system in place. The employee receiving the emergency request shall make arrangements for repair. If an outside contractor is required staff shall utilize contractors we typically use for such repairs, retrieve materials from the maintenance supplies or purchase materials needed. Purchase orders must be completed for both contractor

services & material purchases, as well as a work order input into our software system. See Attachment #1 for a list of emergencies.

B. Prepare Vacant Units for Re-occupancy

It is the policy of the Mattapoisett Housing Authority to reoccupy vacant units as soon as possible. This policy allows the Authority to maximize the income produced by its properties and operate attractive and safe properties.

The Executive Director is responsible for developing and implementing a system that insures an average turn-around time of thirty (30) calendar days. In order to do so, he or she must have a system that can perform the following tasks:

1. Forecast unit preparation needs based on annual & move-out inspection;
2. Estimate both the number of units to be prepared and the number of hours it will take to prepare them; and
3. Control work assignments to ensure prompt completion.

The maintenance procedure for reoccupying vacant units relies on the prompt notification by management of the vacancy, fast and accurate inspection of the unit, ready availability of workers and materials, and good communication with those responsible for leasing the unit. The Maintenance Department will have the ability to create special teams for vacancy turnaround or to hire contractors when that is required to maintain Authority goals.

C. Preventive maintenance Program

Preventive maintenance is part of the planned or scheduled maintenance program of the Mattapoisett Housing Authority. The purpose of the scheduled maintenance program is to allow the Authority to anticipate maintenance requirements and make sure the Authority can address them in the most cost-effective manner. The preventive maintenance program focuses on the major systems that keep the properties operating. These systems include heating & air conditioning systems, vehicle/equipment, and life safety systems.

The heart of any preventive maintenance program is a schedule that calls for the regular servicing of all systems & equipment. The development of this schedule begins with the identification of each system or item that must be checked and serviced, the date it must be serviced, and the individual responsible for the work. The servicing intervals and tasks for each system must be included in the schedule. The completion of all required tasks is considered a high priority for the Mattapoisett Housing Authority. See Attachment #2 for Preventative Maintenance Task and Schedule.

A specific program will be developed for each system. This program shall include a list of the scheduled service maintenance for each system and the frequency and interval at which that service must be performed. The equipment and materials required to perform the service will be listed as well so that they will be on hand when needed. As assessment of the skills or licensing needed to perform the tasks will also be made to determine if an outside contractor must be used to perform the work. The preventive maintenance schedule must be updated each time a system is added, updated, or replaced.

i. Vehicle/Equipment Maintenance

The Mattapoisett Housing Authority will protect the investment it has made in vehicles and other motorized equipment by putting in place a comprehensive maintenance program. The vehicles and equipment to be covered include (but not limited to):

Ford Truck with plow
Mower (1)
Snow Thrower (1)
Power tools Various

The Maintenance Department is responsible for the development of this plan which shall contain components for minimal routine service as well as servicing for seasonal use. Serviceable components for each vehicle or piece of motorized equipment will be listed in the plan along with the type and frequency of service required. The Executive Director shall also maintain a system to ensure that any employee that operates a vehicle or piece of motorized equipment has the required license or certification.

ii. Life Safety Systems

The Mattapoisett Housing Authority shall have a comprehensive program for maintenance of life safety systems to ensure that they will be fully functional in the case of an emergency. The Director of Maintenance shall be responsible for the development and implementation of a schedule that includes the inspection, servicing and testing of this equipment. The equipment to be included in the plan includes the following:

Fire alarms and fire alarm systems
Fire extinguishers
Emergency lighting
Smoke and C/O detectors

iii. DHCD PHN 2016-18 Preventative Maintenance

Mattapoisett Housing Authority will follow the Preventative Maintenance Schedule set forth in PHN 2016-18 on a monthly basis to augment this policy.

3. INSPECTION PROGRAM

The Mattapoisett Housing Authority's goals of efficiency and cost-effectiveness are achieved through insuring that our stock is maintained in a manner that is decent, safe, sanitary, and in good repair. This program calls for the utilization of the Uniform Physical Condition Standard (UPCS) in the Public Housing Program. Inspections will include the following areas:

A. Dwelling Units
B. Site Inspections

A. Dwelling Units

The maintenance & administration staff are responsible for developing an annual unit inspection program for State-Aided Public Housing units. The maintenance & administrative staff shall perform the unit inspection program of the Mattapoisett Housing Authority unless it is determined that the inspection program is contracted to an outside source. For all non-emergency inspections, the Resident shall be given at least 48 hours' notice of the inspection.

During each inspection, the staff shall target specific preventive and routine maintenance tasks in accordance with work orders or other factors that contribute to knowledge of necessary maintenance. Any other work items noted at the time of the inspection will be documented on the Mattapoisett Housing Authority inspection form. All uncompleted work items shall be converted to a work order within 48 hours of the completion of the inspection. The maintenance staff shall endeavor to complete all inspection-generated work items within 30 days of the inspection, unless the item is of an emergent nature.

Nothing in this policy shall prevent any Mattapoisett Housing Authority staff member from reporting any needed work that they see in the regular course of their daily activities. Such work items shall be reported to the administrative office to initiate a work order.

B. Site Inspection

On a regular basis maintenance staff is required to walk the perimeter of the property. During this inspection maintenance will take note of building exteriors, windows, topography for water retention, sump pumps in basements in buildings A – E, septic system components, insect infestations on buildings, trees or grounds, fencing, asphalt, cement walkways, and other maintenance related items necessary to keep this property in a safe & sanitary condition. Areas that require maintenance will be recorded as a work order or brought to the attention of the director.

4. SCHEDULED ROUTINE MAINTENANCE

The Mattapoisett Housing Authority includes in this work category all tasks that can be anticipated and put on a regular timetable for completion. Most of these routine tasks are those that contribute to the curb appeal and marketability of the property.

A. Pest Control/Extermination

The Mattapoisett Housing Authority will make all efforts to provide a healthy and pest-free environment for its residents. The Authority will determine which, if any, pests infest its properties and will then provide the best possible treatment for the eradication of those pests.

The extermination plan will begin with an analysis of the current condition at each property. The Maintenance Department and site manager shall make sure that an adequate schedule for treatment is developed to address any existing infestation. Special attention shall be paid to cockroaches & bed bugs. The schedule will include frequency and locations of treatment. Different schedules may be required for each property.

Resident cooperation with the extermination plan is essential. All apartments in a building must be treated for the plan to be effective. All residents will be informed at least one week and again

twenty-four hours before treatment. The notification will be in writing and will include instructions that describe how to prepare the unit for treatment.

B. Landscaping and Grounds

The Mattapoisett Housing Authority will prepare a routine maintenance schedule for the maintenance of the landscaping and grounds of its properties that will ensure their continuing attractiveness and marketability. Routine grounds maintenance includes numerous activities:

- Litter control
- Lawn care
- Maintenance of driveways, sidewalks and parking lots
- Care of flower and shrubbery beds and trees
- Maintenance of lighting, benches and fences

The Maintenance Department shall be responsible for the development of a routine maintenance schedule that shall include:

- A list of tasks that are required to maintain the property in a safety & sanitary condition
- The frequency with which the tasks must be performed;
- The equipment, materials, and supplies required to perform the tasks; and
- A schedule for their procurement.

C. Building Exteriors & Interior Common Areas

The appearance of the outside of Authority buildings as well as their interior common areas is important to their marketability. Therefore, the Mattapoisett Housing Authority has established a routine maintenance schedule to ensure that they are always maintained in good condition. The components to be maintained include, public restrooms, lighting fixtures, common rooms and community spaces, exterior porches and railings, exterior siding and windows

The Director of Maintenance is responsible for the development of a routine maintenance schedule for building exterior and interior common areas. The schedule shall be based on the following:

- A list of tasks required to maintain a safe & sanitary condition;
- The frequency with which the tasks must be performed; and
- A list of materials, equipment and supplies required to perform the tasks.

D. Resident request Service

This category of work refers to all resident generated work requests that fall into no other category. These are non-emergency calls made by residents seeking maintenance service. These requests for service cannot be planned in advance or responded to before the resident calls.

It is the policy of the Mattapoisett Housing Authority to complete these work requests within seven (7) work days. However, unless the request is an emergency or entails work that compromises the habitability of the unit, these requests will not be given a priority above vacancies, scheduled routine and preventive maintenance. By following this procedure, the

Mattapoisett Housing Authority believes it can achieve both good resident service and a maintenance system that completes the most important work first and in the most cost effective manner.

5. CONTRACTING FOR SERVICES

The Mattapoisett Housing Authority will contract for maintenance services when it is in the best interests of the Authority to do so. When the employees of the Authority have the time and skills to perform the work at hand, they will be the first choice to perform a given task. When the employees of the Authority have the skills to do the work required, but there is more work than there is time available to complete it, the Housing Authority will determine whether it is more cost effective to use a contractor to complete the work. If the Authority staff does not have the skills to complete the work, a contractor will be chosen. In the last instance, the Authority will decide whether it will be cost effective to train a staff member to complete the work.

Once the decision has been made to hire a contractor, the process set out in the Mattapoisett Housing Authority Procurement Policy will be used. These procedures vary depending on the expected dollar amount of the contract. The Maintenance Department will work with the Executive Director to facilitate the contract award. The Executive Director will be responsible for the contribution of the Maintenance Department to this process. The most important aspect of the bid documents will be the specifications or statement of work. The clearer the specifications the easier it will be for the Authority to get the work product it requires.

1. Emergency List
2. Preventative Maintenance Task Schedule
3. Site Inspection Monthly Report

Attachment 1
Maintenance Emergencies

Definition of a maintenance emergency – A condition that is immediately threatening to the life and safety of residents, staff, or structures. (See DHCD Property Maintenance Guide page 1-5 to 1-10)

The following is the minimum list of emergencies that should be called out to maintenance for immediate repair:

Examples of Emergencies for immediate action:

- Fires of any kind (Call 911)
- Gas leaks or Gas odor (Call 911)
- Electric power failures
- Electrical hazards, sparking outlets
- Broken water pipes or flooding
- No water or unsafe water
- Sewer or toilet blockage
- Roof leaks
- Lock outs
- Door or Window lock failure
- No heat
- No Hot water
- Snow or ice storm
- Dangerous structural conditions
- Inoperable Smoke or CO detectors, beeping or chirping detectors

Attachment 2

Preventative Maintenance Schedule

January

- Monitor snow and ice removal
- Vehicle Inspection:
    a. Check all fluid levels: crank case, transmission, etc.
    b. Check antifreeze, radiator rust inhibiter, and thermostat.
    c. Check windshield washer fluid.
    d. Check belts and hoses.
    e. Check plugs, wiring, battery, clean and grease terminals.
    f. Clean out air cleaner.
    g. Check wheel alignment and tire balance (signs of uneven wear).
    h. Check heater and defroster.
    i. Check wiper blades for wear.
    j. Check underbody for corrosion and hose off.
    k. Change engine oil in vehicle. (Ist quarter)
- Oil circulator pumps
- Clean Common room kitchen and appliances
- Inventory of supplies and small parts
- Inspect roofs and siding
- Inspect and replace flags as needed

February

- Monitor snow and ice removal
- Clean boiler room, garage, and workshop
- Wash rug in Community Room
- Wash rugs in offices
- Inventory of supplies and small parts
- Inspect and replace flags as needed

March

- Inventory tools, equipment, refrigerators and stoves in stock.
- Monitor snow and ice removal (if applicable)
- Inventory of supplies and small parts
- Check and reset emergency lighting and times (daylight savings time)
- Touch up common area paint
- Clean heater vents in all common areas.
- Inspect and replace flags as needed

April

- Service lawn-care equipment
- Inspect trees and trim as needed (maintain 10 ft distance from buildings)
- Remove snow stakes

- Clean up grounds of winter debris
- Check fencing and siding for need to clean/powerwash
- Inspect roofs and siding
- Inventory of supplies and small parts
- Inspect and replace flags as needed

May
- Check Smoke and Carbon Monoxide detectors/change batteries
- Check for proper AC installation
- Clean ACs in community room and office
- Wash windows (667)
- Inventory of supplies and small parts
- Mulch
- Get new transfer station sticker for truck
- Inspect and replace flags as needed

June
- Schedule septic pumping
- Touch up common area paint
- Inspect sidewalks and parking lot for need of repair/crack treatment
- Trim bushes/shrubs
- Inventory of supplies and small parts
- Weed gardens as needed
- Inspect and replace flags as needed

July
- Inspect roofs and siding
- Inventory of supplies and small parts
- Clean gutters
- Weed gardens as needed
- Inspect and replace flags as needed

August
- Inventory of supplies and small parts
- Weed gardens as needed
- Schedule fire extinguisher inspections
- Inspect and replace flags as needed

September
- Boiler winter PM
- Clean dryer vents
- Touch up common area paint
- Inventory of supplies and small parts
- Weed gardens as needed
- Inspect and replace flags as needed

October

- Monitor and issue on-going snow removal work orders.
- Inspect roofs and siding
- Inventory of supplies and small parts
- Check and reset emergency lighting and times (daylight savings time)
- Put A/Cs away for season
- Check supply of salt and other winter maintenance items
- Rake as necessary
- Inspect and replace flags as needed

November

- Monitor snow and ice removal (if applicable)
- Inventory of supplies and small parts
- Rake as necessary
- Inspect and replace flags as needed

December

- Monitor snow and ice removal
- Touch up common area paint
- Inventory of supplies and small parts
- Inspect and replace flags as needed

DAILY MAINTENANCE REMINDERS

- Check for abandoned or unauthorized
- Pick up paper/debris on grounds
- Water flowers
- Clear snow regularly throughout the day (if applicable)
- Spread ice-melt regularly throughout the day (if applicable)
- Empty office and community room trash/shredders (if needed)

WEEKLY MAINTENANCE REMINDERS

- Mow lawn(if applicable)
- Rake leaves (if applicable)
- Thoroughly clean bathroom (floor, toilet, sink)
- Clean entrance way/lobby area(s)
- Clean laundry room
- Check exterior lighting
- Vacuum common areas (community room and building entrances) and offices
- Check rugs for stains and clean as needed
- Bring recycling to dump if needed

Kitchen	7/8/2024	Broken Kitchen Light	Village Court 32	Parts/ Back Order	$150.00	Light Cover	1426	1/22/25	Parts Order/Supply Chain

Annual Operating Budget

The tables on the following pages show the approved budget and actual income and spending per budget account (row) for the fiscal year ending 9/30/2025. It also shows the approved budget for the current year (2026) if there is one, and the percent change from last year's spending to this year's approved budget. The final column shows the current approved amount for each account divided by the number of housing units and by 12 months to show the amount per unit per month (PUM). The chart does not show a draft budget for the coming fiscal year as that will typically be developed in the final month of the fiscal year.

The budget format and accounts are mandated by the Executive Office of Housing and Livable Communities (EOHLC). For a better understanding of the accounts and discussion of special situations see the notes following the budget tables and the "Definitions of Accounts" at the end of this section.

The LHA maintains a consolidated budget (400-1) for all state-aided 667 (Elderly), 200 (family), and 705 (scattered site family) developments owned by the LHA. It does not maintain separate budgets for each development.

Operating Reserve

The LHA's operating reserve is the amount of funds that an LHA sets aside to sustain itself during lean years, or to remedy urgent health and safety concern or address deferred maintenance items. In addition, while EOHLC approves a fixed non-utility operating budget level for every LHA (called the Allowable Non-Utility Expense Level, or ANUEL), LHAs can propose a budget that exceeds that level, with the additional cost to be funded from the Operating Reserve, as long as the reserve will still remain above the minimum threshold set by EOHLC.

EOHLC defines a full (100%) Operating Reserve (OR) amount to be equal to one-half of the previous year's operating expenses and requires LHAs to maintain a minimum OR of 35% of this amount to cover any unplanned but urgent needs that may arise during the year and that can't be funded by the operating budget. If the reserve is between 20% and 35% of the full level, the LHA must obtain prior written approval from EOHLC to spend reserve funds, unless the expense is to resolve a health and safety issue. If the reserve is below the 20% level, the LHA can only spend OR funds on health and safety issues. In both cases, the LHA should address the health and safety issue immediately but must retroactively inform EOHLC and obtain its approval.

The MATTAPOISETT HOUSING AUTHORITY operating reserve at the end of fiscal year 2025 was $0.00, which is 0.00% of the full reserve amount defined above.

Explanation of Budget Accounts

The following explains how each of the line items is to be prepared.

3110: Shelter Rent: The shelter rent projection should be based on the current rent roll plus anticipated changes expected from annual rent re-determinations or as a result of regulatory amendments.

3111: Shelter Rent – Tenants - Fraud/Retroactive: This account should be used for the reporting of total rent receipts from residents due to unreported income. These are often called fraud or retroactive balances. In cases where deficit LHAs discover, pursue cases, and have entered into a written fraud/retroactive re-payment agreement **with a present or former tenant who did not report income,** the LHA will be allowed to retain two-thirds of the funds recovered. One third of the total dollar amount recovered should be included in the LHA's quarterly or year-end Operating Statement as Shelter Rent, account #3111, and two-thirds of this total dollar amount should be included in Other Revenue-Retained, account #3691.

3115: Shelter Rent - Section 8: This account applies only to those developments receiving support through the federal government's Housing and Urban Development (HUD) Section 8 New Construction and/or Substantial Rehab Programs.

3190: Non-Dwelling Rental: This account should be credited with the rents, other than tenants rents reported in line 3110 and 3115, including charges for utilities and equipment, billed to lessees of non-dwelling facilities as well as apartments rented for non-dwelling purposes, such as social service programs.

3400: Administrative Fee- MRVP/AHVP: This account should be credited with Administrative Fees to be received for the MRVP/AHVP Program. The MRVP/AHVP administrative fee is $50.00 per unit per month, as of July 1, 2020.

3610: Interest on Investments – Unrestricted: This account should be credited with interest earned on unrestricted administrative fund investments.

3611: Interest on Investments – Restricted: This account should be credited with interest earned on restricted administrative fund investments. For example, an LHA may receive a grant whose use is restricted to a specific purpose, and the interest income earned on that grant may also be restricted to the same purpose.

3690: Other Operating Revenues: This account should be credited with income from the operation of the project that cannot be otherwise classified. Income credits to this account include, but are not limited to, penalties for delinquent payments, rental of equipment, charges for use of community space, charges to other projects or programs for the use of central office management and maintenance space, commissions and profits from vending machines, including washing machines, and certain charges to residents for additional services, materials, and/or repairs of damage caused by neglect or abuse in accordance with the Department's regulations on lease provisions..

3691: Other Revenue – Retained: This account should be credited with certain miscellaneous revenue to be retained by the LHA, and which is not used to reduce the amount of operating subsidy the LHA is due. The most common examples for this account is receipts for the rental of roof antennas to cell phone providers and net meter credits earned on electricity bills from Net Meter Power Purchase Agreements (PPA's). Generally, surplus LHAs may retain 100% of these savings and deficit LHAs may retain 25% of the savings, with the 75% balance used to offset its need for operating subsidy. However, for the period 7/1/16 through 6/30/20, all deficit LHAs may keep 100% of the net meter credit savings, while they can keep 50% effective 7/1/2020.

3692: Other Revenue - Operating Reserves: This account should be credited with funds that LHAs plan to utilize from their operating reserve accounts in excess of the Allowable Non-Utility Expense Level (ANUEL). To be approvable, LHA must maintain the EOHLC prescribed operating reserve minimum level after deducting the amount budgeted. The only exception to this is when the expenses are for health and safety issues.

3693: Other Revenue – Net Meter: This account should normally be credited with 75% of the total net meter credit savings realized by a deficit LHA, while surplus LHAs with net meter credit savings would enter $0 here. Savings are calculated as the value of the net meter credits appearing on the LHA's electric bills (or, in some cases, paid in cash to the LHA by their utility company), minus the cost of the payments made to the solar power developer under their Power Purchase Agreement (PPA). Deficit LHAs normally may retain 25% of the savings. That amount should be included as Other Revenue – Retained on line #3691. However, please note that for the period 7/1/16 through 6/30/20 all LHAs may retain 100% of their total net meter credit savings, and should report those savings as Other Revenue – Retained on line #3691. LHAs can keep 50% of savings effective 7/1/2020.

3801: Operating Subsidy – EOHLC (400-1): This account represents all state-funded operating subsidy to be received and or to be earned for the fiscal year. At the end of each fiscal year, this account will be adjusted in the operating statement to equal the actual subsidy earned by the LHA.

3802: Operating Subsidy – MRVP/AHVP Landlords:

The credit balance in this account represents the anticipated total receipts from EOHLC during the fiscal year for housing assistance payments to landlords. At the end of each fiscal year this account will be adjusted to equal the actual subsidy earned.

3920: Gain/Loss from Sale or Disposition of Property (Capitalized or Non-Capitalized): The debit or credit balance of this account represents the following items: a) Cash proceeds from the sale of property that was either: 1) non-capitalized; or 2) capitalized and has been fully depreciated, and b) Realized gain or loss from the sale or disposition of capitalized properly that has not been fully depreciated.

4110: Administrative Salaries: This account should be charged with the gross salaries of LHA personnel engaged in administrative duties and in the supervision, planning, and direction of maintenance activities and operating services during the operations period. It should include the salaries of the executive director, assistant executive director, accountants, accounting clerks, clerks, secretaries, project managers, management aides, purchasing agents, engineers, draftsmen, maintenance superintendents, and all other employees assigned to administrative duties.

4120: Compensated Absences: The debit balance in this account represents the actual cost incurred during the fiscal year for vacation, paid holidays, vested sick leave and earned compensatory time. This account includes both the direct compensated absences cost and associated employer payroll expenses (employment taxes, pension cost, etc.).

4130: Legal Expense: This account should be charged with retainers and fees paid to attorneys for legal services relating to the operation of the projects.

4140: Compensation to Authority Members: A local authority may compensate its members for performance of their duties and such other services as they may render to the authority in connection with its Chapter 200 development(s). Compensation for any other program is not authorized. Because of this, LHAs must base such compensation only on the actual rent receipts for these developments plus a prorated share of other operating receipts of funds on a per unit basis. The precise amount that members may be compensated is defined by statute to a maximum of $40 per member per day, and $50 for the chairperson per day. The total of all compensation to all board members is not to exceed two percent (2%) of actual gross income of Chapter 200 developments in any given year, consistent with the approved budget amount. In no case shall the payment of compensation exceed $12,500 annually for the chairperson, or $10,000 for any member other than the chairperson. Please note the statute requires the member to perform housing authority business in order to receive compensation.

4150: Travel and Related Expense: Legitimate travel expenses incurred by board members and staff in the discharge of their duties for any **state-aided program** are reimbursable from this account, as consistent with Department policy.

4170: Contractual Accounting Services: Fees for accounting services that are provided routinely and are contracted for on an annual basis. Only accounting services performed on a contractual basis (fee accountant) should be included in this item. Full or part-time LHA accounting staff that provides routine accounting services should be included in Account 4110, Administrative Salaries.

4171: Audit Costs: This account includes the state program's prorated share of audit fees paid to an Independent Public Accountant (IPA). The procurement of an IPA is necessary to satisfy the Federal Government's audit requirements. Costs for these services should be shared with all state and federal programs of LHA. **Audit costs are to be absorbed within the ANUEL.** The new Agreed Upon procedures (AUP) audit costs for state-assisted public housing programs should also be included in this account.

4180: Penalties and Interest: Any expenses incurred from penalties, fees, and interest paid on delinquent accounts shall be included in this line item.

4190: Administrative Other: This account is provided for recording the cost of administrative items for which no specific amount is prescribed in this 4100 group of accounts. It includes, but is not limited to, the cost of such items as: reports and accounting forms; stationery and other office supplies; postage; telephone services; messenger service; rental of office space; advertising for bids; publications; membership dues; collection agency & court costs, training costs; management fees, and fiscal agent fees.

4191: Tenant Organization: LTO Funding by the LHA. Upon request the LHA shall fund all LTOs in a city or town at the annual rate of $6.00 per state-aided public housing unit occupied or available for occupancy by residents represented by such LTO(s) or an annual total of $500.00 prorated among all such LTO(s), whichever is more. For more information on the creation and funding of LTOs see 760 CMR 6.09.

Authorities which operate computer learning centers, which are funded by the state consolidated budget or by other sources (which are typically recorded in line #3691 as "Other Revenue Retained", should budget the cost of the centers on this line.

4310: Water: This account should be charged with the cost of water and sewer charges purchased for all purposes.

4320: Electricity: This account should be charged with the total cost of electricity purchased for all purposes. Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off- site solar electricity- generating site. In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased or in some cases receives a direct cash payment from their utility company. Please ensure that the amount charged to this account is the total cost of electricity BEFORE any reductions due to the receipt of net meter credits.

4330: Gas: This account should be charged with the cost of gas (natural, artificial, or liquefied) purchased for all purposes.

4340: Fuel: This account should be charged with the cost of coal, fuel oil, steam purchased, and any other fuels (except electricity and gas) used in connection with Local Housing Authority operation of plants for the heating of space or water supplied to tenants as a part of rent.

4360: Net Meter Utility Debit/Energy Conservation: This account is to be charged with costs incurred for energy conservation measures.

4390: Other Utilities: This account should be charged with the cost of utilities which are not provided for in accounts 4310 through 4360. In addition, for all quarterly or year-end operating statements 9/30/20 or later, and all budgets 6/30/21 or later, please use this line to record the total net meter credits earned as reported in Line 4392, MINUS the Solar Operator Costs reported in Line 4391, with the result expressed as a positive number. For example, if you reported -$20,000 in Net Meter Utility Credits in Line 4392 and $15,000 in Solar Operator Costs in Line 4391, you would subtract the $15,000 reported on Line 4391 from the -$20,000 reported on Line 4392, and post the remainder of $5,000 on Line 4360, as a positive number. This number essentially represents the "net" savings the LHA earned from its net meter credit contract.

4391: Solar Operator Costs: Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off-site solar electricity-generating site. The LHA makes regular (usually monthly) payments to the developer for its contracted share of the solar electricity produced by the site. Those payments should be entered in this account.

4392: Net Meter Utility Credit (Negative Amount): As noted in account #4391 above, many LHAs have executed Net Meter Credit Power Purchase Agreements (PPA's). In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased from the developer, which reduces the balance on its electric bill, or, in some cases, the credits are paid in cash to the LHA by the utility company. The total gross amount of the net meter credits that appear on the LHA's utility bills should be carried in this account and entered as a negative number. In cases where credits are paid in cash to the Host LHA, the net balance after paying out the amounts due the participating housing authorities, should also be carried in this account and entered as a negative number.

4410: Maintenance Labor: This account should be charged with the gross salaries and wages, or applicable portions thereof, for LHA personnel engaged in the routine maintenance of the project.

4420: Materials & Supplies: This account should be charged with the cost of materials, supplies, and expendable equipment used in connection with the routine maintenance of the project. This includes the operation and maintenance of automotive and other movable equipment, and the cost of materials, supplies, and expendable equipment used in connection with operating services such as janitorial services, elevator services, extermination of rodents and household pests, and rubbish and garbage collection.

4430: Contract Costs: This account should be charged with contract costs (i.e. the cost of services for labor, materials, and supplies furnished by a firm or by persons other than Local Authority employees) incurred in connection with the routine maintenance of the project, including the maintenance of automotive and other movable equipment. This account should also be charged with contract costs incurred in connection with such operating services as janitorial services, fire alarm and elevator service, extermination of rodents and household pests, rubbish and garbage collection, snow removal, landscape services, oil burner maintenance, etc.

4510: Insurance: Includes the total amount of premiums charged all forms of insurance. Fire and extended coverage, crime, and general liability are handled by EOHLC on a statewide basis. All other necessary insurance policies include: Workers' Compensation, boiler, vehicle liability and owner, etc.

4520: Payments in Lieu of Taxes:

This account should be charged with all payments in lieu of taxes accruing to a municipality or other local taxing body.

4540: Employee Benefits: This account should be charged with local housing authority contributions to employee benefit plans such as pension, retirement, and health and welfare plans. It should also be charged with administrative expenses paid to the State or other public agencies in connection with a retirement plan, if such payment is required by State Law, and with Trustee's fees paid in connection with a private retirement plan, if such payment is required under the retirement plan contract.

Employee benefits are based upon a given percentage of the total payroll; therefore, the total amount approved in this account will be based on the approved budgeted salaries representing the state's fair share.

4541: Employee Benefits - GASB 45: This line covers "Other Post-Employment Benefits" (OPEB). Of the total benefits offered by employers to attract and retain qualified employees, some benefits, including salaries and active-employee healthcare are taken while the employees are in active service, whereas other benefits, including post-employment healthcare and other OPEB are taken after the employees' services have ended. Nevertheless, both types of benefits constitute compensation for employee services. In accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

4542: Pension Expense – GASB 68: The primary objective of GASB 68 Statement is to improve accounting and financial reporting for pension costs. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. As with account 4541 above, in accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

4570: Collection Loss: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents. Note: Do not include losses from fraud/retroactive balances here. Report them in Account 4571 – Collection Loss – Fraud/Retroactive.

4571: Collection Loss – Fraud/Retroactive: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents due to unreported income, i.e. fraud/retroactive balances.

4580: Interest Expense: The debit balance in this account represents the interest expense paid and accrued on loans and notes payable. This debt can be from operating borrowings or capital borrowings.

4590: Other General Expense: This account represents the cost of all items of general expenses for which no specific account is prescribed in the general group of accounts.

4610: Extraordinary Maintenance – Non-Capitalized: This account should be debited with all *costs* (labor, materials and supplies, expendable equipment (such as many tools or routine repair parts), and contract work) of repairs, replacements (but not replacements of non-expendable equipment), and rehabilitation of such a substantial nature that the work is clearly not a part of the routine maintenance and operating program. The items charged to this account should not increase the useful life or value of the asset being repaired. These items are not capitalized and are not added as an increase to fixed assets at the time of completion. Nor are these items depreciated. An example of this would be scheduled repainting of apartments.

4611: Equipment Purchases – Non-Capitalized: This account should be debited with the costs of equipment that does not meet the LHA's criteria for capitalization. Because these items are being expended when paid, they should not be categorized as a fixed asset and therefore will not be depreciated. These items include stoves, refrigerators, small tools, most computers and software, etc.

The budget is a planning tool and as our portfolio ages it is essential that LHAs evaluate their properties annually and plan for extraordinary maintenance. To that end EOHLC very strongly recommends that for all 400-1 operating budgets, depending on the age of the portfolio and condition, LHAs spend between $100 and $500 a year per unit in Extraordinary Maintenance, Equipment Purchases, Replacement of Equipment, and Betterments & Additions to ensure that the aging public housing stock is preserved.

4715: Housing Assistance Payments: This account should be debited with all housing assistance payments paid to landlords for the MRVP program on a monthly basis.

4801: Depreciation Expense: This account should be debited with annual fixed asset depreciation expenses as determined by the LHA's capitalization policy.

7520: Replacement of Equipment – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment purchased as a replacement of equipment of substantially the same kind. These items, such as vehicles, computers, or furniture, meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life.

7540: Betterments & Additions – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment and major non-routine repairs that are classified as a betterment or addition. These items meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life of the asset. Examples are: major roof replacement, structural repairs such as siding, or major paving work.

In accordance with GAAP accounting, inventory purchases (Replacement of Equipment and Betterments & Additions) are distinguished between capitalized and non-capitalized items. Any inventory or equipment purchase greater than $5,000 is required by EOHLC to be capitalized, inventoried and depreciated. Any inventory or equipment purchase costing $1,000 to $4,999 should be inventoried by LHA staff for control purposes only but is not subject to capitalization or depreciation, it is, however, required to be expensed when the items are paid for. An LHA's inventory listing should include both capitalized and non-capitalized items of $1,000 and more, as well as all refrigerators and stoves of any value. All items that appear on the inventory listing should be tagged with a unique identification number, and all refrigerators and stoves (regardless of value) should be tagged. LHAs may adopt a capitalization policy that capitalizes inventory purchases at a lesser amount than the $5,000 requirement (i.e. $1,000 - $4,999); however, no capitalization policy can have an amount higher than $5,000. Any inventory or equipment purchases costing $0 to $999 are to be expensed when paid for.

Narrative Responses to the Performance Management Review (PMR) Findings

The Performance Management Review conducted by the Department of Housing and Community Development (EOHLC) for the LHA fiscal year resulted in the following ratings. Criteria which received a 'Corrective Action' rating show both a reason for the rating and a response by the LHA. The reason indicates the LHA's understanding of why they received the rating, while the responses describe their goals and the means by which they will meet or improve upon the performance-based assessment standards established by EOHLC in the PMR. When the PMR rating is 'Operational Guidance', the LHA may have responded, but was not required to.

Category: Management

Criterion: Occupancy Rate - the percentage of units that are occupied on monthly report.

Rating: No Findings

Criterion: Tenant Accounts Receivable (TAR) - the percentage of uncollected rent and related charges owed by tenants to the local housing authority (LHA), out of the total amount of rent and related costs charged to tenants.

Rating: No Findings

Criterion: Certifications and Reporting Submissions - timely submission of statements and certifications

Rating: No Findings

Criterion: Completion of mandatory online board member training

Rating: Corrective Action

Reason: At the time of the PMR, three of our board members had yet to take the annual training.

Response: Two of the board members have successfully completed the annual training, and the third member has started reviewing the training and will complete it soon.

Criterion: Annual Plan Submitted - Annual Plan (AP) submitted on time

Rating: No Findings

Criterion: Staff completed relevant certifications or trainings

Rating: No Findings

Category: Financial

Criterion: Adjusted Net Income - a measure of overspending or underspending.

Rating: Operational Guidance

Criterion: Current Operating Reserve as a percentage of total maximum reserve level.

Rating: No Findings

Category: Capital Spending

Criterion: Timely spending of capital funds awarded under the Formula Funding program

Rating: No Findings

Category: CHAMP

Criterion: Paper applications are available, received and entered into CHAMP

Rating: No Findings

Criterion: Vacancies are recorded correctly and occupied using CHAMP

Rating: No Findings

Criterion: Fair Housing Policies Uploaded

Rating: No Findings

Category: Facility Management - Inspection Standards and Practices

Criterion: 100% of units inspected during FYE under review

Rating: No Findings

Criterion: Unit inspection reports create, track, and report work orders for inspection repairs, and inspection WOs completed within 30 days or add to DM / CIP

Rating: No Findings

Criterion: Unit inspection reports accurately reflect necessary repairs

Rating: Operational Guidance

Category: Facility Management - Vacancy Turnover Standards and Practices

Criterion: Work orders created for every vacancy and completed within 30 days (or waiver requested)

Rating: No Findings

Criterion: Vacancy turnover work orders accurately reflect necessary repairs

Rating: No Findings

Category: Facility Management - Preventive Maintenance Standards and Practices

Criterion: LHA Preventive Maintenance Plan accurately reflects all necessary work to maximize life of LHA components

Rating: No Findings

Category: Facility Management - Work Order Types and Systems

Criterion: All emergency work orders are created, tracked, reported and completed within 48 hours

Rating: No Findings

Criterion: All requested work orders are created, tracked, reported and completed within 14 days or added to DM/CIP

Rating: No Findings

CRITERION	DESCRIPTION
Management	
Occupancy Rate	The rating is calculated using the following formula: (Total Number of Occupied units on Monthly Report divided by (Total Number of Units Minus Units that Received a Waiver Minus Number of Units Vacant less than 30 days on Monthly Report) • "No Findings" : Occupancy Rate is at or above 98% • Operational Guidance: Occupancy rate is at 95% up to 97.9% • Corrective Action: Adjusted occupancy rate is less than 95%
Tenant Accounts Receivable (TAR)	This criterion calculates the percentage of uncollected rent and related charges owed by starting with the amount reported by the LHA, as uncollected balances for the TAR (Account 1122 from the Balance Sheet) minus Normal Repayment Agreements* divided by Shelter (Tenant) Rent (account 3110 from the Operating Statement) • "No Findings" : At or below 2% • "Operational Guidance": More than 2% , but less than 5% • "Corrective Action": 5% or more
Certifications and Reporting Submissions	Housing authorities are required to submit 4 quarterly vacancy certifications by end of the month following quarter end; 4 quarterly operating statements and 4 Tenant Accounts Receivable (TAR) reports within 60 days of quarter end. • "No Findings": At least 11 of the required 12 reports were submitted and at least 9 were submitted on time. • "Operational Guidance": Less than 11 of the required 12 reports were submitted and/or less than 9 were submitted on time.
Board Member Training	Percentage of board members that have completed the mandatory online board member training. • "No Findings" : 80% or more completed training • "Operational Guidance" : 60-79.9% completed training • "Corrective Action" : <60 % completed training
Staff Certifications and Training	Each LHA must have at least one staff member complete a relevant certification or training During the fiscal year. The number of required trainings varies by LHA size. • No Findings: LHAs completed the required number of trainings Corrective Action: LHAs have not completed any trainings
Annual Plan (AP) Submitted	Housing authorities are required to submit an annual plan every year. • "No Findings" =Submitted on time • "Operational Guidance" =Up to 45 days late • "Corrective Action" =More than 45 days late

CRITERION	DESCRIPTION
CHAMP	
Paper applications	Paper applications are available, received and entered into CHAMP • No Findings: Paper applications are available; And paper applications are date and time stamped correctly; And 90% of new paper applications are entered into CHAMP within 15 calendar days of date/time stamp; And 2% or less of new paper applications are entered more than 30 days after date/time stamp • Operational Guidance: Paper applications are available; And paper applications are date and time stamped and entered correctly; And 75% - 89% of new paper applications are entered into CHAMP within 15 calendar days; And 3% - 5% of new paper applications are entered more than 30 days after date/time stamp • Corrective Action: Paper applications are not available; Or the LHA has failed to date and time stamp paper applications and/or failed to enter them correctly; Or Less than 75% of new paper applications are entered into CHAMP within 15 calendar days of date/time stamp; Or more than 5% of new paper applications are entered more than 30 days after date/time stamp
Vacancies occupied using CHAMP	Vacancies are recorded correctly and occupied using CHAMP • No Findings: All vacancies during the fiscal year are recorded in EOHLC's Housing Applications Vacancy System within 30 days; And the housed Applicant ID and Pull List ID match between EOHLC's Housing Applications Vacancy System and CHAMP for unit occupied during the fiscal year, excluding administrative transfers; And 25% or less of occupied units have data entry errors • Operational Guidance: All vacancies during the fiscal year are recorded in EOHLC's Housing Applications Vacancy System, all vacancies are not recorded within 30 days; Or the Housed Applicant ID and Pull List ID match between EOHLC's Housing Applications Vacancy System and CHAMP for units occupied during the fiscal year, excluding administrative transfers; And greater than 25% of occupied units have data entry errors • Corrective Action: All vacancies during the fiscal year are not recorded in EOHLC's Housing Applications Vacancy System; Or the Housed Applicant ID and Pull List ID do not match (or data is missing) between EOHLC's Housing Applications Vacancy System and CHAMP for units occupied during the fiscal year, excluding administrative transfers

CRITERION	DESCRIPTION
Financial	
Adjusted Net Income	The Adjusted Net Income criterion calculation starts with an LHA's Net Income and subtracts Depreciation, GASB 45 (Retirement Costs), GASB 68 (Retirement Costs), Extraordinary Maintenance (maintenance expense outside of routine/ordinary expenses), and Equipment Purchases – Non Capitalized. This Adjusted Net Income amount is then divided by the Total Expenses of the LHA. If this Adjusted Net Income amount is positive, it means underspending and if it is negative it means overspending. Underspending Rating: • "No Findings" : 0 to 9.9% • "Operational Guidance": 10 to 14.9% • "Corrective Action": 15% or higher Overspending Rating: • "No Findings" : 0 to -4.9% • "Operational Guidance": -5% to -9.9% • "Corrective Action": -10% or below
Operating Reserves	Current Operating Reserve as a percentage of total maximum reserve level. Appropriate reserve level is buffer against any unforeseen events or expenditures. • "No Findings" :35%+ of maximum operating reserve • "Operational Guidance": 20% to 34.9% of maximum operating reserve • "Corrective Action": <20% of maximum operating reserve
Capital Planning	
Capital Spending	Under the Formula Funding Program (FF), authorities receive undesignated funds to spend on projects in their Capital Improvement Plan. They are rated on the percentage of available funds they have spent over a three-year period • "No Findings" = at least 80% • "Operational Guidance" = At least 50% • "Corrective Action" = Less than 50%
Health & Safety	
Health & safety violations	EOHLC has observed conditions at the LHA's developments and reported health and safety violations. The LHA has certified the number of corrected violations in each category.

CRITERION	DESCRIPTION
Facility Management – Inspection Standards and Practices	
100% Unit Inspections	All units inspected at LHA during FY under review • No Findings: 100% of units inspected • Corrective Action: Less than 100% of units inspected
LHA Inspections Reports/Work Orders	Unit inspection reports create, track, and report work orders for inspection repairs, and inspection WOs completed within 30 days or add to DM/CIP • No Findings: All inspection work orders/lease violations are created, tracked, and reported; And non-health and safety work orders for inspection repairs/lease violations are completed within 30 days or added to DM/CIP; And health and safety work orders for inspection repairs/lease violations are addressed within 48 hours • Operational Guidance: All health and safety inspection work orders/lease violations are created, tracked, reported and completed within 48 hours; And LHA fail to create, track, or report no more than 1 or 2 (based on LHA size) non-EHS (exigent health and safety) deficiencies; Or LHA failed to complete any non-EHS work orders/lease violations appropriately • Corrective Action: Any EHS work orders/lease violations not created, tracked, reported, or completed; Or 1 of the following: LHA failed to create, track or report a) More than 1 non-EHS deficiency (small LHA); b) More than 2 non-EHS deficiencies (Medium/Large)
Accuracy of LHA Inspections	Unit inspection reports accurately reflect necessary repairs • No Findings: c.667 unit has less than 2 EHS deficiencies and c.200/705 unit has less than 3 EHS deficiencies • Operational Guidance: c.667 unit has 2 EHS deficiencies or c.200/705 has 3 EHS deficiencies • Corrective Action: c.667 has equal to or greater than 3 EHS deficiencies or c.200/705 unit has equal to or greater than 4 EHS deficiencies
Facility Management – Preventative Maintenance Standards and Practices	
LHA Preventative Maintenance Schedule Accuracy and Implementation of Preventative Schedules	LHA preventative maintenance schedule accurately reflects all necessary work to maximize the life of LHA components • No Findings: c.667 unit less than 2 EHS deficiencies and c.200/705 less than 3 EHS deficiencies • Operational Guidance: c.667 2 EHS deficiencies or c.200/705 3 EHS deficiencies • Corrective Action: c.667 equal to or greater than 3 EHS deficiencies or c.200/705 equal to or greater than 4 EHS deficiencies

CRITERION	DESCRIPTION
Facility Management – Vacancy Turnover Standards and Practices	
Vacancy Turnover Work Orders	Work orders created for every vacancy and completed within 30 days (or waiver requested) • No Findings: Vacancy work orders are created, tracked and reported for every unit and reflect all work in unit; And Vacancy work orders are Maintenance Ready in <=30 days for c.667 units or <=45 days for c.200/705 units or have approved waiver • Operational Guidance: Vacancy work orders are created, tracked and reported for every unit; And work orders do not reflect all work completed in unit; Or vacancy work orders are Maintenance Ready in 31-45 days for c.667 and 46-60 days for c.200/705 and no approved waiver • Corrective Action: Vacancy work orders are not created, tracked and reported for every unit; Or vacancy work orders are Maintenance Ready in >45 days for c.667 and >60 days for c.200/705 and have no approved waiver
Accuracy and Standard of Vacancy Turnovers	Vacancy turnover work orders accurately reflect necessary repairs • No Findings: c.667 unit less than 2 EHS deficiencies and c.200/705 less than 3 EHS deficiencies • Operational Guidance: c.667 2 EHS deficiencies or c.200/705 3 EHS deficiencies • Corrective Action: c.667 equal to or greater than 3 EHS deficiencies or c.200/705 equal to or greater than 4 EHS deficiencies
Work Order Types and Systems	
Emergency Work Orders	All emergency work orders are created, tracked, reported and completed within 48 hours • No Findings: All emergency work orders under review are created, tracked, reported and completed within 48 hours • Operational Guidance: All emergency work orders completed within 48 hours; Less than 100% but greater than or equal to 80% of work orders under review are correctly created, tracked and reported administratively • Corrective Action: Not all emergency work orders are completed within 48 hours; Or less than 80% of work orders under review are correctly created, tracked and reported administratively
CRITERION	**DESCRIPTION**
Requested Work Orders	All requested work orders are created, tracked, reported and completed within 14 days or added to DM/CIP • No Findings: All requested work orders under review are created, tracked, and reported; All work is complete within 14 days or added to DM/CIP • Operational Guidance: All requested work orders completed within 14 days or added to DM/CIP; And less than 100% of work orders under review are correctly created, tracked and reported • Corrective Action: Not all requested work orders are completed within 14 days or added to DM/CIP

Waivers

MATTAPOISETT HOUSING AUTHORITY has received the following waivers from EOHLC's regulations. This list does not include vacancy waivers, pet waivers, or any waivers that would release personally identifiable tenant or applicant data.

Description	Reason	Date Approved by EOHLC	Date Expired

*The list of waivers has been provided by the LHA and has not been verified by EOHLC.

Glossary

ADA: Americans with Disabilities Act. Often used as shorthand for accessibility related issues or improvements.

AHVP: Alternative Housing Voucher Program

Alternative Housing Voucher Program provides rental vouchers to disabled applicants who are not elderly and who have been determined eligible for Chapter 667 (elderly and disabled) housing.

Allowable Non-Utility Expense Level (ANUEL) is the amount of non-utility expense allowed for each local housing authority based upon the type(s) of housing programs administered.

ANUEL: Allowable Non-Utility Expense Level

AP: Annual Plan

Annual Plan: A document prepared by each Local Housing Authority, incorporating the Capital Improvement Plan (CIP), Maintenance and Repair Plan, Budget, responses to the Performance Management Review, and other elements.

Cap Share is the amount of Formula Funding spending approved by DHCD for each year.

Capital Funds: Funds provided by DHCD to an LHA for the modernization and preservation of state-aided public housing, including Formula Funds and Special Capital Funds.

Capital Needs Assessment, similar to the CIP, often used for developments in the Section 8 New Construction/Substantial Rehabilitation program. Such developments are generally not eligible for state capital funds and therefore do not participate in the CIP process. However, to track their ongoing capital needs and plan for construction projects to address those needs, they often conduct a CNA to determine when building systems will wear out and need to be replaced, and what replacement will cost, so they can plan the ensure that the necessary funding will be available

Capital Projects are projects that add significant value to an asset or replace building systems or components. Project cost must be greater than $1000.

CIMS is a web-based software system used for creating CIP's and Annual Plans. For the CIP, the CIMS program allows the LHA to prioritize, select and schedule projects, assign funding sources and direct project spending to specific fiscal years to create a CIP that is consistent with the LHA's FF award amount and FF cap shares, plus any additional funding resources the LHA has identified. The LHA submits its CIP and DHCD conducts its review of the LHA's CIP in CIMS. For the Annual Plan CIMS imports data from other DHCD systems and combines that with data entered by the LHA.

CIP: A Capital Improvement Plan (CIP) is a five (5) year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The contents of a CIP are limited to available resources. An approved CIP is required in order to receive Formula Funds.

CNA: Capital Needs Assessment

CPS is DHCD's transparent Web-based capital planning system that catalogues the condition of every building and site in the statewide public housing portfolio, providing LHAs with detailed technical information to make strategic long-term capital investments. It includes a Facility Condition Index (FCI) for every development that compares the value of expired components of a development relative to its replacement cost.

Deferred Maintenance is maintenance, upgrades, or repairs that are deferred to a future budget cycle or postponed for some other reason. Sometimes it is referred to as extraordinary maintenance.

Deficit housing authority: a housing authority whose income (mainly from rent) does not cover all its normal operating costs in its approved operating budget, and which therefore operates at a deficit and requires operating subsidy from DHCD.

DHCD: Massachusetts Department of Housing & Community Development

Extraordinary Maintenance: see the description for budget line 4610 in the Explanation of Budget Accounts in the Budget Section of this Annual Plan.

FF: Formula Funding

Formula Funding is state bond funding allocated to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

FYE: Fiscal Year End

HHA Administrative Fee is the fee paid to an HHA from the RCAT Program budget.

HHA: Host Housing Authority for the RCAT program.

Host Housing Authority (HHA). An LHA selected by the Department to employ and oversee an RCAT.

HUD: U.S. Department of Housing and Urban Development

LHA: Local Housing Authority

LTO: Local Tenants Organization

Management and Occupancy Report: This is an annual HUD review process that is used to evaluate the performance of developments in various HUD housing programs, including the Section 8 New Construction/Substantial Rehabilitation program, which some LHAs operate. It is similar to the state PMR process in that it evaluates LHA performance on variety of financial, housing quality, and other standards

Massachusetts Rental Voucher Program (MRVP) is a state-funded program that provides rental subsidies to low-income families and individuals.

MOR: Management and Occupancy Report

MRVP: Massachusetts Rental V DHCD's annual review of each housing authority's performance. It pulls together data on the authority's occupancy rates, tenant accounts receivables, accounts payable, budget variance, operating reserve, capital improvement plan submission, capital spending, annual inspections and work order and maintenance systems to identify and address areas of strength and areas for development. Its goal is to allow DHCD and the LHA to

take a deep dive into the data, lift up best practices, and work together towards improving operations oucher Program.

Performance Management Review (PMR):

PMR: Performance Management Review

RCAT: Regional Capital Assistance Team

Regional Capital Assistance Team: One of three organizations employed at HHAs designated by the Department to carry out the RCAT Program.

Sec.8 NC/SR (or S8NCSR): Section 8 New Construction and Substantial Rehabilitation

Section 8 New Construction and Substantial Rehabilitation (Sec.8 NC/SR): This term refers to a federal HUD housing program operated at a small number of state public housing developments whose construction was funded by state grants, but whose ongoing operating costs are supported by project-based subsidies from HUD's federal Section 8 program, rather than from state public housing operating funds..

Special Awards: In addition to allocations to each LHA, DHCD has created limited set aside funds to provide for extreme emergency or code compliance needs which are beyond the capacity of an LHA's current FF balance.

Surplus housing authority: a housing authority whose income (mainly from rent) covers all its normal operating costs in its approved operating budget, and which therefore operates at a surplus and does not require operating subsidy from DHCD.

EXTRACTS FROM THE MINUTES OF THE FY2026 ANNUAL PLAN PUBLIC HEARING OF THE MATTAPOISETT HOUSING AUTHORITY HELD ON: Tuesday, June 10, 2025

The members of the Mattapoisett Housing Authority met in the Community Room at 1 Acushnet Road in the Town of Mattapoisett, Massachusetts, at 4:30 pm on June 10, 2025.

The Annual Plan Public Hearing was called to order at 4:32 PM, by Charles McCullough, Chairperson, and upon roll call, those present and absent were as follows:

PRESENT	**ABSENT**	**ALSO PRESENT**
Charles McCullough	None	Kimberly Conn
Leda Kim		Toniann McAllister
Suzanne Kennedy		
John Vaughn		
Margaret DeMello		

There were no comments received from the public prior to the meeting. The board reviewed and discussed each section of the FY 2026 draft Annual Plan. There were no public comments on a Motion made by John Vaughn, and seconded by Leda Kim, the Mattapoisett Housing Authority Annual Plan for Fiscal Year 2026 as revised, passed unanimously on a vote of 5-0.

I CERTIFY THAT THIS IS A TRUE AND CORRECT COPY OF THE MOTION AND THAT SUCH ACTION TOOK PLACE AT A PROPERLY POSTED AND HELD MEETING OF THE AUTHORITY.

Kimberly Conn
Executive Director/Managing Agent, Secretary

Resident Surveys – Background

Since 2016 DHCD has been working with the Center for Survey Research (CSR) at the University of Massachusetts Boston to survey residents in the state public housing units it oversees. The surveys are confidential, mailed directly to residents, and returned to CSR by mail (or, starting in 2019, completed on-line). CSR surveys residents of elderly/disabled units (also known as Chapter 667) and family units (also known as Chapter 200 and Chapter 705).

During each round all units are mailed surveys, with one exception: in the case of the twelve housing authorities with more than 225 c.200 family units, a randomly selected group of 225 units was surveyed at each housing authority. This group was determined to be large enough to generate statistically useful results. In both rounds, responses from c.200 and c.705 residents are always combined.

Round One Surveys (2016 – 2018)

In Round One of the surveys, CSR surveyed residents of elderly/disabled units (c.667) in three groups in the Fall of 2016, 2017 and 2018. CSR surveyed residents of family units (c.705 and c.200) in the Spring of 2016. (Note: there are many more c.667 units, so they were broken down into three groups).

Round Two Surveys (2019 – 2022)

Round Two of the surveys began in 2019. CSR surveyed about one-third of the elderly/disabled units in Fall 2019, Fall 2021, and Fall 2022. CSR surveyed all family units in Fall 2020.

Round Three Surveys (2023 – 2027)

Round Three of the surveys began in 2023. CSR surveyed about one-third of the elderly/disabled units and one-third of family units in Fall 2023.

LHA Name	MATTAPOISETT HOUSING AUTHORITY
FYE	Sep 2024
HMS Name	Mary Farrell
FMS Name	Wilzor Exantus

Criteria 1: 100% of units inspected during FYE under review

Rating: No Findings

Recommendations: 1. The unit inspection form will need to be updated.

Criteria 2: Unit inspection Reports create, track, and report Work Orders for inspection repairs, and Work Orders are completed within 30 days or added to DM/CIP

Rating: No Findings

Recommendations: 1. The unit inspection form will need to be updated.

Criteria 3: Unit Inspection Reports accurately reflect necessary repairs

Rating: Operational Guidance

Recommendations: 1. Ensure that all Notices of Lease Violation are issued for all tenant related deficiencies identified during unit inspection
2. Ensure that all Lease Violations are resolved per EOHLC guidance

Criteria 4: Work Orders created for every vacancy and completed within 30 days (or waiver requested)

Rating: No Findings

Recommendations: 1. No Recommendations

Criteria 5: Vacancy Turnover Work Orders accurately reflect necessary repairs

Rating: No Findings

Recommendations: 1. No Recommendations

Criteria 6: LHA Preventive Maintenance Plan accurately reflects all necessary work to maximize life of LHA components

Rating: No Findings

Recommendations: 1. No Recommendations

Criteria 7: All emergency work orders are created, tracked, reported and completed within 48 hours

Rating: No Findings

Recommendations:
1. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
2. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
3. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
4. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
5. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
6. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
7. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
8. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
9. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
10. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
11. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
12. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
13. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
14. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
15. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
16. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.
17. Ensure work order reports are categorized correctly. For example, the Emergency work order report should only have emergency work orders, not with Routine W/O.

Criteria 8: All requested work orders are created, tracked, reported and completed within 14 days or added to DM/CIP

Rating: No Findings

141. Unable to view Tenant report due to all the W/Os reports combined.
142. Unable to view Tenant report due to all the W/Os reports combined.

Health & Safety Deficiencies

Inspection reports were provided to the LHA at the time of the EOHLC site visit. Health and safety deficiencies were identified during the PMR Inspection. These items must be completed or initiated within 48 hours. Following completion of these health and safety deficiencies, the Executive Director must login to the FMS software application and certify, by electronic signature, that all health and safety deficiencies have been completed. Please contact your assigned FMS for further assistance.
