

Overview and Certification

Shelburne Housing Authority Annual Plan for Fiscal Year 2021 For State-Aided Public Housing

The Annual Plan is a document compiled by housing authority staff in advance of each new fiscal year. The plan serves as both a tool for the Local Housing Authority (LHA) to reflect upon the prior fiscal year, and as an opportunity to develop a clear and transparent plan that builds on successes, identifies needs, and corrects any issues that have arisen in prior years. Additionally, the Annual Plan is an important tool for tenants, who may use the document to better understand the operations and needs of their housing authority, advocate for changes to policies and procedures, access data about the housing authority, and participate in their housing authority's governance.

In addition to the physical document, the Annual Plan is also a process of public engagement. Throughout the Annual Plan process, the LHA executive director or their designee will be expected to review the Plan with any Local Tenant Organizations (LTO's) and Resident Advisory Board (RAB) before the LHA presents the plan to the Board; make a draft available for review to all residents and the general public; post on the website and make a copy available to each LTO at least 30 business days before the public hearing; hold a hearing on the document; and collect, integrate, and report back on substantive comments. Additionally, the Local Housing Authority Board of Commissioners will read, offer recommendations, and approve the Annual Plan in advance of its submission to DHCD.

The law that mandates the Annual Plan is [An Act Relative to Local Housing Authorities, Massachusetts General Laws, Chapter 121B Section 28A](#). The regulation that expands upon Section 28A is [760 CMR 4.16](#). The regulations that address Local Tenant Organization (LTO) and resident participation in the Annual Plan are [760 CMR 6.09 \(3\)\(h\)](#) and [760 CMR 6.09\(4\)\(a\)\(4\)](#).

The Shelburne Housing Authority's Annual Plan for their 2021 fiscal year includes the following components:

1. Overview and Certification
2. Capital Improvement Plan (CIP)
3. Maintenance and Repair Plan
4. Operating Budget
5. Narrative responses to Performance Management Review (PMR) findings
6. Policies
7. Waivers
8. Glossary
9. Other Elements
 - a. Annual Plan Questions and Comments
 - b. SHA July Meeting Minutes Annual Plan Public Hearing
 - c. Tenant Satisfaction Survey 667 Program
 - d. Performance Management Review

Overview and Certification**State-Aided Public Housing Developments**

The following table identifies the state-aided public housing units with developments of more than 8 units listed separately. Units in developments of 8 or fewer units are aggregated as noted. Units that the LHA provides to assist clients of the Department of Mental Health (DMH), the Department of Developmental Services (DDS), or other agencies are also aggregated separately.

Dev No	Type	Development Name	Num Bldgs	Year Built	Dwelling Units
667-1A	Elderly	HIGHLAND VILLAGE 667-1A	3	1977	46

Plan History

The following required actions have taken place on the dates indicated.

REQUIREMENT	DATE COMPLETED
A. Advertise the public hearing on the LHA website.	05/15/2020
B. Advertise the public hearing in public postings.	05/15/2020
C. Notify all LTO's of the hearing and provide access to the Proposed Annual Plan.	N/A
D. Post draft AP for tenant and public viewing.	05/22/2020
E. Hold quarterly meeting with LTO to review the draft AP. (Must occur before the LHA Board reviews the Annual Plan.)	N/A
F. Annual Plan Hearing. Hosted by the LHA Board, with a quorum of members present.	07/08/2020
G. Executive Director presents the Annual Plan to the Board.	07/08/2020
H. Board votes to approve the AP.	08/12/2020

Certification

CERTIFICATION FOR SUBMISSION OF THE ANNUAL PLAN

I, Hugh Mackay, Property Manager of the Shelburne Housing Authority, certify on behalf of the Housing Authority that: a) the above actions all took place on the dates listed above; b) all facts and information contained in this Annual Plan are true, correct and complete to the best of my knowledge and belief and c) that the Annual Plan was prepared in accordance with and meets the requirements of the regulations at 760 CMR 4.16 and 6.09.

Date of certification: 08/24/2020

The Department of Housing and Community Development (DHCD) completed its review of this Annual Plan (AP) on September 22, 2020. Review comments have been inserted into the plan.

Capital Improvement Plan (CIP)**Capital Improvement Plan****DHCD Description of CIPs:**

The Capital Improvement Plan (CIP) is a five year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The CIP identifies anticipated spending for each Department of Housing and Community Development (DHCD) fiscal year (July 1 to June 30) based on the project schedules.

Local Housing Authorities (LHAs) receive yearly awards from DHCD (Formula Funding Awards) which they target to their most urgent capital needs in their CIP. They may also receive special awards from DHCD for specific projects which meet specific criteria. Special awards may be given for certain emergency, regulation compliance, energy and water conservation, and other projects. The first three years of the CIP are based on actual awards made to the LHA, while years four and five are based on estimated planning amounts, not actual awards.

LHAs may sometimes secure other sources of funding and assistance that you will note in their CIP, such as: Community Preservation Act (CPA) funding, Community Development Block Grant (CDBG) funding, Local Affordable Housing Trust Funds (AHTF), HOME grants, income from leasing a cell tower on their property, savings from net meter credit contracts with solar developers, utility rebates and contracted work from utility providers, and Sheriff's Department work crews. However, not all of these funding sources are available every year, or in all communities.

The CIP includes the following parts:

- A table of available funding sources and amounts
- A list of planned capital projects showing spending per fiscal year
- A table showing special awards and other funding for targeted projects, if any, which supplements Formula Funding awarded to the LHA
- A 'narrative' with a variety of additional information.

Additional Remarks by Shelburne Housing Authority

SHA has not requested additional funding that qualifies under DHCD's definitions of capital emergency, legal compliance, or sustainability improvement expenses.

Capital Improvement Plan (CIP)**Aggregate Funding Available for Projects in the First Three Years of the CIP:**

Category of Funds	Allocation	Planned Spending	Description
Balance of Formula Funding (FF)	\$59,892.86		Total of all FF awards minus prior FF spending
LHA Emergency Reserve	\$5,989.29		Amount to reserve for emergencies
Net FF Funds (First 3 Years of the CIP)	\$53,903.57	\$87,868.15	Funds to plan & amount actually planned in the first 3 years of the CIP
ADA Set-aside	\$3,972.20	\$3,500.00	Accessibility projects
DMH Set-aside	\$0.00	\$0.00	Dept. of Mental Health facility
DDS Set-aside	\$0.00	\$0.00	Dept. of Developmental Services facility
Unrestricted Formula Funding (FF)	\$49,931.38	\$84,368.15	Funds awarded by DHCD to be used on projects selected by the LHA and approved by DHCD.
Special DHCD Funding	\$20,881.35	\$20,881.35	Targeted awards from DHCD
Community Development Block Grant (CDBG) Funds	\$23,000.00	\$23,000.00	Federal funds awarded by a city or town for specific projects.
Community Preservation Act (CPA) Funds	\$0.00	\$0.00	Community Preservation Act funds awarded by a city or town for specific projects.
Operating Reserve(OR) Funds	\$0.00	\$0.00	Funds from the LHA's operating budget.
Other Funds	\$0.00	\$0.00	Funds other than those in the above categories. See explanation below.
Total funds and planned spending	\$97,784.92	\$131,749.50	Total of all anticipated funding available for planned projects and the total of planned spending.

Capital Improvement Plan (CIP)**CIP Definitions:**

ADA Set-aside is funding allocated within the Formula Funding (FF) for use on projects that improve accessibility for people with disabilities. 10% of FF awards are designated for this purpose.

Available State Bond Funding is the amount of State Bond Funding available to the LHA for the first three years of the CIP. It is calculated by totaling all of FF and Special Awards granted to the LHA through the end of the third year of the plan and subtracting the amount of these funds spent prior to July 1 of the first year of the plan.

Amount spent prior to the plan is the total amount of Formula Funding (FF) and Special Awards spent prior to July 1 of the first year of the plan.

Capital project is a project that adds significant value to an asset or replaces building systems or components. Project cost must be greater than \$1000.

CDBG stands for Community Development Block Grant, a potential source of project funds.

CPA stands for Community Preservation Act, a potential source of project funds.

CapHub Project Number is the number given to projects entered into DHCD's project management system known as CapHub.

DMH Set-aside is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Mental Health (DMH) program vendors, if any exist at this LHA.

DDS Set-aside is funding allocated within the Formula Funding (FF) for use on facilities leased to the Department of Developmental Services (DDS) program vendors, if any exist at this LHA.

Formula Funding (FF) is an allocation of state bond funds to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

Operating Reserve is an account, funded from the LHA operating budget, primarily used for unexpected operating costs, including certain extraordinary maintenance or capital projects.

Other Funds could include other funding by the city or town or from other sources.

Special Awards are DHCD awards targeted to specific projects. Award programs include funds for emergencies beyond what an LHA can fund, for complying with regulatory requirements, for projects that will save water or energy use, and various other programs the department may run from time to time.

Total Cost is the sum of investigation, design, administration, permitting, and construction costs for a project

Unrestricted Formula Funding (FF) is money awarded to the LHA by DHCD under the Formula Funding program other than amounts set aside (restricted) for accessibility improvements or for facilities operated by DMH or DDS.

Capital Improvement Plan (CIP)**Regional Capital Assistance Team**

Shelburne Housing Authority participates in the Regional Capital Assistance Team (RCAT) program and project implementation responsibilities are as follows:

- o For projects with construction cost under \$10,000, the LHA has the sole responsibility to initiate, implement and manage the project. RCAT offers technical assistance upon request.

- o For projects with construction cost between \$10,000 and \$100,000 the RCAT will have lead responsibility to initiate, implement and manage the project with both DHCD and LHA involvement and oversight throughout the process. For projects in this range, the LHA will work with the RCAT Project Manager who will contact the LHA to initiate projects.

- o For projects with construction cost over \$100,000, or projects below that threshold that are complex or have a subsequent phase that exceeds \$100,000 construction cost, DHCD will take the lead and draft a WO or RFS to hire a designer to prepare plans and specs. RCAT will not be involved in the implementation of projects in this range and the LHA will continue to work directly with the DHCD Project Manager and DHCD design staff.

Capital Improvement Plan (CIP) Narrative **Including Requests to DHCD & Supporting Statements**

1. Request for increased spending flexibility.

DHCD designates a spending target (cap share) and an allowable spending range for each year of the CIP. A Housing Authority may request to shift the cap shares of the first three years in order to increase scheduling flexibility. A CIP utilizing this flexibility is called an Alternate CIP. The total spending over three years and over five years must continue to meet the limits set by DHCD. DHCD will approve an Alternate CIP only with acceptable justification and only if funding is available.

Shelburne Housing Authority has not submitted an Alternate CIP.

2. Request for additional funding.

A Housing Authority may request additional funding from DHCD for projects that qualify as emergencies, required legal compliance upgrades, or sustainability improvements.

Shelburne Housing Authority has not requested additional funding.

3. Overall goals of the Housing Authority's CIP

We are focusing on exterior projects such as building envelopes, tree work and parking areas.

4. Changes from the Housing Authority's previous CIP

Every new CIP differs from the previous CIP because projects have been completed and a new year has been added with new projects. These changes and other significant changes to the content of the CIP are highlighted below:

No major changes.

5. Requirements of previous CIP approval

There were no special conditions attached to the approval of our previous CIP.

6. Quarterly capital reports

Our most recent quarterly capital report (form 80 and 90) was submitted on 12/31/2019.

7. Capital Planning System (CPS) updates

Our CPS facility data has been updated with current condition information, including changes resulting from projects completed in the past year, as of 05/11/2020.

8. Project priorities

All the projects in our CIP are high priority (Priority 1 and 2 projects).

9. High priority deficiencies

We have included all of our high priority (CPS priority 1 and 2) projects in our CIP.

10. Accessibility

We are not aware of any accessibility deficiencies in our portfolio.

11. Special needs development

Shelburne Housing Authority does not have a special needs (167 or 689 programs) development.

12. Energy and water consumption

Our 12 most recent monthly energy reports are for months 4/2019 to 3/2020.

The following table lists the DHCD thresholds for Per Unit Monthly (PUM) expense for electricity, natural gas, oil, and water use and the developments at the Housing Authority that have expenses in excess of the thresholds, if any.

	Electric PUM > Threshold	Gas PUM > Threshold	Oil PUM > Threshold	Water PUM > Threshold
Threshold PUM:	\$100	\$80	\$50	\$60

667-01

There are no capital plans to reduce electric consumption. We do plan on educating the tenant on the importance of conservation and sustainability verbally periodically through the year.

13. Energy or water saving initiatives

Shelburne Housing Authority is not currently pursuing any energy or water-saving audits or grants that could affect CIP project scope, costs or timing of projects.

14. Vacancy rate

Our unadjusted vacancy rate reported to DHCD is as follows. (The unadjusted vacancy rate captured in these figures is the percentage of ALL housing units that are vacant, including both offline units being used for other purposes and units with DHCD vacancy waivers.)

6.5% c. 667 (DHCD Goal 2%)

0% c. 200 (DHCD Goal 2%)

0% c. 705 (DHCD Goal 2%)

Shelburne Housing Authority will address the excess vacancies in the following manner:
We intend to prepare the unit for lease as quickly as possible and find qualified tenants.

15. Vacancies

Shelburne Housing Authority has no units listed as vacant, proposed to be vacant, or at risk of becoming vacant.

CIP Approval For Shelburne Housing Authority for FY 2021

Formula Funding Capital Improvement Plan (CIP), WorkPlan 5001

9/10/2020

Congratulations! The CIP-2021 submitted by Shelburne Housing Authority is approved, subject to the following conditions:

- LHA selected one project for siding and trim repairs for FY 1.

- Your LHA participates in the Regional Capital Assistance Team (RCAT) program and project implementation responsibilities are as follows:
 - o For projects with construction cost under \$10,000, the LHA has the sole responsibility to initiate, implement and manage the project. RCAT will offer technical assistance upon your request. DHCD recently revised the Small Project Guide to address statutory and policy changes. It is available on the web at <http://www.mass.gov/hed/docs/dhcd/ph/small-projects/dhcdsmallprojectsguide.pdf>. The Guide contains step-by-step instructions to help you make sure that your projects are done efficiently, cost-effectively and according to applicable statutes, rules and regulations. Please be sure to complete projects in accordance with the requirements and procedures described in the Guide.

 - o For projects with construction cost between \$10,000 and \$100,000 the RCAT will have lead responsibility to initiate, implement and manage the project with LHA involvement and oversight throughout the process. If you have projects in this range, you will be working with your RCAT Project Manager who will contact you to initiate your project(s). Please note that DHCD has increased the threshold for independent implementation to \$100,000 construction cost in response to the passage of Chapter 218. Projects with an estimated Construction cost greater than \$25,000 still require soliciting the professional services of an architect or engineer. (See DHCD Small Project guide "When to Hire a Designer" (<http://www.mass.gov/hed/docs/dhcd/ph/small-projects/dhcdsmallprojectsguide.pdf>)). The RCAT may be able to provide "In House" specifications with an estimated construction cost greater than \$25,000, but requires the approval of DHCD before proceeding.

 - o For projects with construction cost over \$100,000, or projects below that threshold that are complex or have a subsequent phase that exceeds \$100,000 construction cost, DHCD will take the lead and draft a WO or RFS to hire a designer to prepare plans and specs. At this point, RCAT will not be involved in the implementation of projects in this range and you will continue to work directly with your DHCD Project Manager and DHCD design staff.

Shelburne Housing Authority is authorized to proceed on the following projects, which are to be managed with the LHA or RCAT as the Primary PM**:

CPS Number	FISH #	Project Name	TDC Amount	Primary PM	Project Year
268-667-1A-0-19-515	268040	Selected siding and trim repairs	\$34,000.00	RCAT	2021

Construction cost for FY 2021 projects is to be incurred by June 30, 2021. Construction cost for FY 2022 projects is to be incurred between July 1, 2021 and June 30, 2022. Pre-construction costs may be incurred in FY 2021.

There are no large or complex projects to be managed by DHCD.

Going forward, if you need to add a project that is not in your approved CIP you will need to submit a revision through CIMS. Instructions for revising your CIP can be found on the CIMS Forms menu.

Details of the Approved CIP can be found at the link to 'Approved & Active CIP Reports' on the CIMS forms page in the CIP Reports section. Projects may utilize funding from multiple sources. The 'Original Approved' report details the proposed funding as submitted by the LHA. Please feel free to call DHCD Project Manager Jackline Monteiro-Mendes at (617) 573-1193 with any questions.

**Primary PM' is used to identify the agency responsible for updating a project's budget and schedule.

This document was created on 9/10/2020 by Jackline Monteiro-Mendes, Project Manager

Maintenance and Repair Plan

Maintenance Objective

The goal of good property maintenance at a public housing authority is to serve the residents by assuring that the homes in which they live are decent, safe, and sanitary.

About This Maintenance and Repair Plan

This Maintenance & Repair Plan consists of several subsections describing maintenance systems followed by charts showing typical preventive maintenance, routine maintenance, and unit inspection tasks and schedules. These subsections are:

- a. **Classification and Prioritization of Maintenance Tasks** - Defines and prioritizes types of work to be accomplished by maintenance staff and vendors. Explains how the housing authority is expected to respond to work orders (tasks or requests) based on the work order classification.
- b. **Emergency Response System** - Defines what constitutes an emergency and how to notify staff of an emergency.
- c. **Normal Maintenance Response System** - How to contact the maintenance staff for a non-emergency request.
- d. **Work Order Management** - Description of the housing authority's system for managing work orders (tasks and requests).
- e. **Maintenance Plan Narrative & Policy Statement** - Self-assessment, basic information, and goals for the coming year, along with a description of the housing authority's maintenance program.
- f. **Preventive Maintenance Schedule** - A listing and schedule of tasks designed to keep systems and equipment operating properly, to extend the life these systems and equipment, and to avoid unexpected breakdowns.
- g. **Routine Maintenance Schedule** - A listing and schedule of ordinary maintenance tasks such as mopping, mowing, raking, and trash collection required to keep the facilities in good condition.
- h. **Unit Inspections** - Scheduling of annual unit inspections.

Classification and Prioritization of Maintenance Tasks

Maintenance items are tracked as “work orders” and are classified in the following categories. They are prioritized in the order listed. The following classifications and prioritization are required by the Department of Housing and Community Development (DHCD).

- I. **Emergencies** - Emergencies are only those conditions which are **immediately threatening** to the life or safety of our residents, staff, or structures.
 - **Goal: initiated with 24 to 48 hours.**
- II. **Vacancy Refurbishment - Work necessary to make empty units ready for new tenants.**
 - After emergencies, the refurbishment of vacancies for immediate re-occupancy has the highest priority for staff assignments. **Everyday a unit is vacant is a day of lost rent.**
 - **Goal: vacancy work orders are completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver.**
- III. **Preventive Maintenance** - Work which must be done to **preserve and extend the useful life** of various elements of your physical property and avoid emergency situations.
 - A thorough Preventive Maintenance Program and Schedule that deals with all elements of the physical property is provided later in the document.
 - The Preventive Maintenance Program is reviewed and updated annually and as new systems and facilities are installed.
- IV. **Programmed Maintenance** - Work which is important and is completed to the greatest extent possible within time and budget constraints. Programmed maintenance is grouped and scheduled to make its completion as efficient as possible. Sources of programmed maintenance include:
 - Routine Work includes those tasks that need to be done on a regular basis to keep our physical property in good shape. (Mopping, Mowing, Raking, Trash, etc.)
 - Inspections are the other source of programmed maintenance.
 - o Inspections are visual and operational examinations of parts of our property to determine their condition.
 - o All dwelling units, buildings and sites must be inspected at least annually.
 - o **Goal: Inspection-generated work orders are completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).**
- V. **Requested Maintenance** - Work which is requested by residents or others, does not fall into any category above, and should be accomplished as time and funds are available.
 - Requests from residents or others for maintenance work which does not fall into one of the other categories has the lowest priority for staff assignment.
 - **Goal: Requested work orders are completed in 14 calendar days from the date of tenant request or if not completed within that timeframe (and not a health or safety issue), the task is added and completed in a timely manner as a part of the Deferred Maintenance Plan and/or CIP.**

Emergency Request System

For emergency requests call the numbers listed here. Qualifying emergency work requests are listed below.

METHOD	CONTACT INFO.	TIMES
Call Answering Service	413-772-5562	04:30pm to 08:30am
Call LHA at Phone Number	413-863-9781	08:30am to 04:30pm

List of Emergencies - Emergencies are those conditions which are immediately threatening to the life or safety of our residents, staff, or structures. The following is a list of typical conditions that warrant an emergency response. If there is an emergency condition whether or not enumerated on this list please notify the office or answering service at the numbers listed above. If you have any questions regarding this list or other matters that may constitute an emergency, please contact the Shelburne Housing Authority main office.

QUALIFYING EMERGENCY WORK REQUESTS
Fires of any kind (Call 911)
Gas leaks/ Gas odor (Call 911)
No electric power in unit
Electrical hazards, sparking outlets
Broken water pipes, flood
No water/ unsafe water
Sewer or toilet blockage
Roof leak
Lock outs
Door or window lock failure
No heat
No hot water
Snow or ice hazard condition
Dangerous structural defects
Inoperable smoke/CO detectors, beeping or chirping
Elevator stoppage or entrapment

Normal Maintenance Request Process

Make normal (non-emergency) maintenance requests using the following methods:

METHOD	CONTACT INFO.	TIMES
Text Phone Number		
Call Answering Service	413-772-5562	04:30pm to 08:30am
Call Housing Authority Office	413-863-9781	08:30am to 04:30pm
Submit Online at Website		24/7
Email to Following Email	workorders@fcrhra.org	24/7
Other	in person	scheduled office hours on site

Residents are encouraged to report the need of a work order to the property manager directly. Property Management has created a special work order link on the FCRHRA website as an option, the link emails all the property managers in the department to insure no emergency needs are over looked

Work Order Management

A. DHCD review of this housing authority’s operations shows that the authority uses the following system for tracking work orders:

Type of work order system: HAB

Work order classification used:

Emergency	✓
Vacancy	✓
Preventative Maintenance	✓
Routine	✓
Inspections	✓
Tenant Requests	✓

B. We also track deferred maintenance tasks in our work order system.

C. Our work order process includes the following steps:

Step	Description	Checked steps are used by LHA
1	Maintenance Request taken/submitted per the standard procedures listed above for the Emergency Request System and the Normal Maintenance Request Process.	<input checked="" type="checkbox"/>

6	Work Orders completed/closed out	<input checked="" type="checkbox"/>
7	Maintenance Reports or Lists generated	<input checked="" type="checkbox"/>

Maintenance Plan Narrative

Following are Shelburne Housing Authority’s answers to questions posed by DHCD.

A. Narrative Question #1: How would you assess your Maintenance Operations based on feedback you’ve received from staff, tenants, DHCD’s Performance Management Review (PMR) & Agreed Upon Procedures (AUP), and any other sources?

Our PMR responses show positive improvement, support of our staff dedication to our tenants and properties. We anticipate that continued focus on our staff engagement will continue to move the department in a positive direction. Based on feedback we have received from the board and community, we will be able to continue to our programs within the DHCD guidelines.

B. Narrative Question #2: What changes have you made to maintenance operations in the past year?

The maintenance staff has been assigned tablets for increased communication ability, paperless work orders, adding capital needs projects to the CIP as the areas of concern arise.

Our department has developed and implemented both a preventative and deferred maintenance plan to allow the department greater focus on maintaining the portfolio. Regular team meetings have focused on increasing communication between property managers and maintenance staff to ensure efficiency and the proper tracking of work orders.

C. Narrative Question #3: What are your maintenance goals for this coming year?

1. Decreasing vacancy turnover times
2. Assessing our current maintenance equipment
3. Focus on team management to reduce project completion times

D. Maintenance Budget Summary

The budget numbers shown below are for the consolidated budget only. They do not include values from supplemental budgets, if any.

	Total Regular Maintenance Budget	Extraordinary Maintenance Budget
Last Fiscal Year Budget	\$60,094.00	\$0.00
Last Fiscal Year Actual Spending	\$65,924.00	\$0.00
Current Fiscal Year Budget	\$51,870.00	\$5,200.00

E. Unit Turnover Summary

# Turnovers Last Fiscal Year	5
Average time from date vacated to make Unit "Maintenance Ready"	62 days
Average time from date vacated to lease up of unit	308 days

F. Anything else to say regarding the Maintenance Plan Narrative?

In this period, lease up time was heavily impacted by the site-wide kitchen and bath renovation project.

Attachments

These items have been prepared by the Shelburne Housing Authority and appear on the following pages:

Preventive Maintenance Schedule - a table of preventive maintenance items showing specific tasks, who is responsible (staff or vendor), and the month(s) they are scheduled

Deferred Maintenance Schedule - a table of maintenance items which have been deferred due to lack of resources.

Preventative Maintenance Plan

Goal: *To avoid emergency situations while keeping our properties safe, decent, sanitary and in good repair.*

Property Management has developed the following process and procedures for the maintenance staff to meet our goals of protecting our tenants and our properties through preventative maintenance.

Workflow:

Preventative work orders will be presented on a monthly basis to be completed within a 30 day period.

Work orders will be input and assigned to the staff member who is currently assigned to the property at the time. The staff must complete the preventative maintenance prior to 30 days from assignment. Any deviation from the 30 day goal should be discussed with the department director for items that may be extensive or should be considered for another program such as an annual CIP.

Management will schedule a monthly due date and assign this task on a recurring calendar event for the department assistant.

Department assistant will review the preventative maintenance plan spreadsheet for each month's task to be assigned. The scheduling will include all 667 & 705 properties.

Department assistant inputs the appropriate work orders for assigned maintenance staff.

Staff will be expected to incorporate the preventative assignments to the work day with the expectation that the work will be completed within a 30 day period.

Any adjustments due to weather, material need or other emergency scheduling must be documented in the work order notes and may be escalated to the director for appropriate adjustments or need for additional funding or staffing to complete the preventative maintenance.

At times the preventative maintenance may require escalation such as cleaning gutters in the spring, this may determine that the gutter is beyond its useful life, these items would be brought to the attention of the director to be added to a capital improvement plan and the work may be re-established to a repair and deferred to the CIP plan to prepare cost estimates and funding.

When work orders are completed, the department assistant will be responsible to return to the preventative maintenance worksheet to update as completed.

Equal Housing Opportunity

The department during regular staff meetings may discuss the best resolution for specific projects as well as future planning as projects may exceed contracted time allocations or require additional staffing to complete the project. An example of gutter cleaning should require two staff members for safety concerns.

Property managers and maintenance staff should refer to the definitions below to assist with prioritization of maintenance items.

Priorities:

- 1) Emergencies:** immediate threat to life and safety of tenants, staff or property.
- 2) Vacancy refurbishment:** Every day a unit is vacant is a day of lost rent. (Unit turnover is a high priority)
- 3) Preventative maintenance:** Work which must be done to preserve and extend the useful life of the property.
- 4) Programmed maintenance:** Work which is grouped and scheduled to make their completion as efficient as possible. Sources of programmed maintenance are:
 - Routine:** tasks that need to be done on a regular basis to keep the property in good condition.
 - Inspections:** Visual and operational examinations of the property to determine condition.
- 5) Requested maintenance:** Work which is has been requested by residents or others. (Low priority)

January Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Common Room Areas of 667
Wash Walls
Clean Kitchen Stoves and Cabinets
Wash and Polish Floors
Mid Winter Service Check on Snowblowers
Trim any Snow Bent Branches or Report removal for spring
Check Oil Tank leves where appropriate (heat)
Check locations with sump pumps for testing
Check laundry dryer vents and clear lint traps
Refill Sand buckets
Check plumbing in bathrooms for leaking or need to change washers
Monthly Check of the emergency lighting battery test

February Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Refill All sand buckets at location entrances
Inventory Supplies in locations with garages
Check outside walkway/hallway lighting
Check gutters and drains for ice removal and any plow damage
Check Water heaters for leaking or corrosion
Check Oil Tank levels where appropriate
Check locations with sump pumps for testing
Check laundry dryer vents and clear lint traps
Refill Sand buckets
Check plumbing in bathrooms for leaking or need to change washers
Monthly Check of the emergency lighting battery test
Pumps - sump pump in basement, confirm operational

March Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Begin Sand Clean up in Walkways and Stairwells (sweeping)
Review battery Stock for April smoke detector battery change
Review Stock for need of smoke detectors
Begin picking up sticks and branches(snow pending)
Check all water heaters and boilers for leaks and for spring cleaning
Make list of lawnmowers on property for spring tune up
Clean all common are light fixtures and glass
Place rodent traps in basements and storage areas
Review dates on Fire extinguisher report to office of out of date
Check laundry dryer vents and clear lint traps
Clean all common hallways of sand, inspect for damage
Wipe down common area furniture

April Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Begin grounds care: trash, inspect for plow damage and report to office
Sweep doorways and door jams
Inspect all gutters and down spouts
Check signs and fences for winter damage
Create list for spring clean up: need for soil replacement, damage bushes
Begin window washing in common rooms and hallway windows
Create paint list and inspect trim work for repairs
Review roofs for any winter damage
Start cleaning maintenance rooms, sweep and prepare for summer work
Sweep around dumpsters
Grease doors and check for winter damage

May Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Clean-unclog the sewer drains
Wash and wax hallways of common areas
Replace clothesline ropes
Inspect that all screens are in place and good condition
Place all common room air conditioners in and secure
Prepare summer work list of property for weekly completion
Paint trim work of common doors and doors
Check all signs for storm damage and repair as needed
clean lights from winter/outside and hallways
SHA-Generator Bi-Annual Inspection and cleaning

July Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Common Room Areas of 667
Wash Walls
Clean Kitchen Stoves and Cabinets
Wash and Polish Floors
Check Oil Tank levels where appropriate
Check locations with sump pumps for testing
Check laundry dryer vents and clear lint traps
Check plumbing in bathrooms for leaking or need to change washers
Monthly Check of the emergency lighting battery test

August Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Check and clean all common room air conditioner filters
Check all water tanks for seepage/humidity damages or rusting
Check all basements for ventilation and humidity issues
Check and repair any lose railings on porches
Check gutters for animal nesting and clear
Check eaves for nesting and clear
Check dumpsters for heat related odors and request santizing from vendor
Follow up on grills and yard fire pits: remove as needed
paint hallways and common doors
Follow up on Annual Inspections for completion/check in with PM's

September Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Create boiler list for annual service (assigned locations per maintenance)
Inspect/repair/ replace fall tools need rakes, etc
Common area windows should be cleaned
Common area rugs shampoo as needed
Review snowblowers and prepare for winter tune up (coordinated effort)
Trim back any vegetation growing to close to buildings
Check Oil Tank levels where appropriate
Check locations with sump pumps for testing
Check laundry dryer vents and clear lint traps
replace damaged Sand buckets
check and replace common hall emergency light batteries
Get count of need of batteries for fall battery change over

October Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Maintain clear walkways of leaf debris
Get sand to location to prepare buckets for winter
Schedule additional staff for ladders for gutter
Remove all common area air conditioners
Snow blowers should have retruned
Remove gas and add stabilizer to lawn mowers
Get lawn mowers off properties to store for winter
Common hallways should get waxedd prior to winter
use shop vaccum on baseboard heating units to clear dust
Refill Sand buckets
Check plumbing in bathrooms for leaking or need to change washers
Begin battery changes in smoke detectors
Clear lighting of any nesting and bugs/replace bulbs as needed

November Preventive Maintenance

PM Assistant to add work orders for each property for monthly maintenance
Follow up for closure at the end of the month and closure

TASK
Maintain clear walkways of leaf debris
Get sand to location to prepare buckets for winter
Schedule additional staff for ladders for gutter (weather permitting)
Snow blowers should have re-tuned
Check locations for on site ice melt-have order placed
Check that the winter spreaders are in working order/replace as needed
Check all porches for clearance of items before snow fall
Reminder to PM to notice tenants to remove items for plowing
Put out Stakes for notice of plowing: outline drives
Check shovels for replacement

Operating Budget

The tables on the following pages show the approved budget and actual income and spending per budget account (row) for the fiscal year ending 09/30/2019. It also shows the approved budget for the current year (2020) if there is one, and the percent change from last year's spending to this year's approved budget. The final column shows the current approved amount for each account divided by the number of housing units and by 12 months to show the amount per unit per month (PUM). The chart does not show a draft budget for the coming fiscal year as that will typically be developed in the final month of the fiscal year.

The budget format and accounts are mandated by the Department of Housing and Community Development (DHCD). For a better understanding of the accounts and discussion of special situations see the notes following the budget tables and the "Definitions of Accounts" at the end of this section.

The LHA maintains a consolidated budget (400-1) for all state-aided 667 (Elderly), 200 (family), and 705 (scattered site family) developments owned by the LHA. It does not maintain separate budgets for each development.

Refer also to the Performance Management Review (PMR) section of this Annual Report for the LHA's response to a "Corrective Action" finding for the "Adjusted Net Income" rating.

Operating Reserve

The LHA's operating reserve is the amount of funds that an LHA sets aside to sustain itself during lean years, or to remedy urgent health and safety concern or address deferred maintenance items. In addition, while DHCD approves a fixed non-utility operating budget level for every LHA (called the Allowable Non-Utility Expense Level, or ANUEL), LHAs can propose a budget that exceeds that level, with the additional cost to be funded from the Operating Reserve, as long as the reserve will still remain above the minimum threshold set by DHCD.

DHCD defines a full (100%) Operating Reserve (OR) amount to be equal to one-half of the previous year's operating expenses and requires LHAs to maintain a minimum OR of 35% of this amount to cover any unplanned but urgent needs that may arise during the year and that can't be funded by the operating budget. If the reserve is between 20% and 35% of the full level, the LHA must obtain prior written approval from DHCD to spend reserve funds, unless the expense is to resolve a health and safety issue. If the reserve is below the 20% level, the LHA can only spend OR funds on health and safety issues. In both cases, the LHA should address the health and safety issue immediately but must retroactively inform DHCD and obtain its approval.

The Shelburne Housing Authority operating reserve at the end of fiscal year 2019 was \$46,266.00, which is 33.8% of the full reserve amount defined above.

Consolidated Budget (400-1) for all state-aided 667 (Elderly), 200 (family), and 705 (scattered site family) developments owned by Shelburne Housing Authority.

Explanation of Budget Accounts

The following explains how each of the line items is to be prepared.

3110: Shelter Rent: The shelter rent projection should be based on the current rent roll plus anticipated changes expected from annual rent re-determinations or as a result of regulatory amendments.

3111: Shelter Rent – Tenants - Fraud/Retroactive: This account should be used for the reporting of total rent receipts from residents due to unreported income. These are often called fraud or retroactive balances. In cases where deficit LHAs discover, pursue cases, and have entered into a written fraud/retroactive re-payment agreement **with a present or former tenant who did not report income**, the LHA will be allowed to retain two-thirds of the funds recovered. One third of the total dollar amount recovered should be included in the LHA's quarterly or year-end Operating Statement as Shelter Rent, account #3111, and two-thirds of this total dollar amount should be included in Other Revenue-Retained, account #3691.

3115: Shelter Rent - Section 8: This account applies only to those developments receiving support through the federal government's Housing and Urban Development (HUD) Section 8 New Construction and/or Substantial Rehab Programs.

3190: Non-Dwelling Rental: This account should be credited with the rents, other than tenants rents reported in line 3110 and 3115, including charges for utilities and equipment, billed to lessees of non-dwelling facilities as well as apartments rented for non-dwelling purposes, such as social service programs.

3400: Administrative Fee- MRVP/AHVP: This account should be credited with Administrative Fees to be received for the MRVP/AHVP Program. The MRVP/AHVP administrative fee is \$40.00 per unit per month, as of July 1, 2019.

3610: Interest on Investments – Unrestricted: This account should be credited with interest earned on unrestricted administrative fund investments.

3611: Interest on Investments – Restricted: This account should be credited with interest earned on restricted administrative fund investments. For example, an LHA may receive a grant whose use is restricted to a specific purpose, and the interest income earned on that grant may also be restricted to the same purpose.

3690: Other Operating Revenues: This account should be credited with income from the operation of the project that cannot be otherwise classified. Income credits to this account include, but are not limited to, penalties for delinquent payments, rental of equipment, charges for use of community space, charges to other projects or programs for the use of central office management and maintenance space, commissions and profits from vending machines, including washing machines, and certain charges to residents for additional services, materials, and/or repairs of damage caused by neglect or abuse in accordance with the Department's regulations on lease provisions..

3691: Other Revenue – Retained: This account should be credited with certain miscellaneous revenue to be retained by the LHA, and which is not used to reduce the amount of operating subsidy the LHA is due. The most common examples for this account is receipts for the rental of roof antennas to cell phone providers and net meter credits earned on electricity bills from Net Meter Power Purchase Agreements (PPA's). Generally, surplus LHAs may retain 100% of these savings and deficit LHAs may retain 25% of the savings, with

the 75% balance used to offset its need for operating subsidy. However, for the period 7/1/16 through 6/30/19, all deficit LHAs may keep 100% of the net meter credit savings.

3692: Other Revenue - Operating Reserves: This account should be credited with funds that LHAs plan to utilize from their operating reserve accounts in excess of the Allowable Non-Utility Expense Level (ANUEL). To be approvable, LHA must maintain the DHCD prescribed operating reserve minimum level after deducting the amount budgeted. The only exception to this is when the expenses are for health and safety issues.

3693: Other Revenue – Net Meter: This account should be normally be credited with 75% of the total net meter credit savings realized by a deficit LHA, while surplus LHAs with net meter credit savings would enter \$0 here. Savings are calculated as the value of the net meter credits appearing on the LHA’s electric bills (or, in some cases, paid in cash to the LHA by their utility company), minus the cost of the payments made to the solar power developer under their Power Purchase Agreement (PPA). Deficit LHAs normally may retain 25% of the savings. That amount should be included as Other Revenue – Retained on line #3691. However, please note that for the period 7/1/16 through 6/30/19 all LHAs may retain 100% of their total net meter credit savings, and should report those savings as Other Revenue – Retained on line #3691

3801: Operating Subsidy – DHCD (400-1): This account represents all state-funded operating subsidy to be received and or to be earned for the fiscal year. At the end of each fiscal year, this account will be adjusted in the operating statement to equal the actual subsidy earned by the LHA.

3802: Operating Subsidy – MRVP/AHVP Landlords:

The credit balance in this account represents the anticipated total receipts from DHCD during the fiscal year for housing assistance payments to landlords. At the end of each fiscal year this account will be adjusted to equal the actual subsidy earned.

3920: Gain/Loss from Sale or Disposition of Property (Capitalized or Non-Capitalized): The debit or credit balance of this account represents the following items: a) Cash proceeds from the sale of property that was either: 1) non-capitalized; or 2) capitalized and has been fully depreciated, and b) Realized gain or loss from the sale or disposition of capitalized property that has not been fully depreciated.

4110: Administrative Salaries: This account should be charged with the gross salaries of LHA personnel engaged in administrative duties and in the supervision, planning, and direction of maintenance activities and operating services during the operations period. It should include the salaries of the executive director, assistant executive director, accountants, accounting clerks, clerks, secretaries, project managers, management aides, purchasing agents, engineers, draftsmen, maintenance superintendents, and all other employees assigned to administrative duties.

4120: Compensated Absences: The debit balance in this account represents the actual cost incurred during the fiscal year for vacation, paid holidays, vested sick leave and earned compensatory time. This account includes both the direct compensated absences cost and associated employer payroll expenses (employment taxes, pension cost, etc.).

4130: Legal Expense: This account should be charged with retainers and fees paid to attorneys for legal services relating to the operation of the projects.

4140: Compensation to Authority Members: A local authority may compensate its members for performance of their duties and such other services as they may render to the authority in connection with its Chapter 200 development(s). Compensation for any other program is not authorized. Because of this, LHAs must base such compensation only on the actual rent receipts for these developments plus a prorated share of other operating receipts of funds on a per unit basis. The precise amount that members may be compensated is defined by statute to a maximum of \$40 per member per day, and \$50 for the chairperson per day. The total of all compensation to all board members is not to exceed two percent (2%) of actual gross income of Chapter 200 developments in any given year, consistent with the approved budget amount. In no case shall the payment of compensation exceed \$12,500 annually for the chairperson, or \$10,000 for any member other than the chairperson. Please note the statute requires the member to perform housing authority business in order to receive compensation.

4150: Travel and Related Expense: Legitimate travel expenses incurred by board members and staff in the discharge of their duties for any **state-aided program** are reimbursable from this account, as consistent with Department policy.

4170: Contractual Accounting Services: Fees for accounting services that are provided routinely and are contracted for on an annual basis. Only accounting services performed on a contractual basis (fee accountant) should be included in this item. Full or part-time LHA accounting staff that provides routine accounting services should be included in Account 4110, Administrative Salaries.

4171: Audit Costs: This account includes the state program's prorated share of audit fees paid to an Independent Public Accountant (IPA). The procurement of an IPA is necessary to satisfy the Federal Government's audit requirements. Costs for these services should be shared with all state and federal programs of LHA. **Audit costs are to be absorbed within the ANUEL.** The new Agreed Upon procedures (AUP) audit costs for state-assisted public housing programs should also be included in this account.

4180: Penalties and Interest: Any expenses incurred from penalties, fees, and interest paid on delinquent accounts shall be included in this line item.

4190: Administrative Other: This account is provided for recording the cost of administrative items for which no specific amount is prescribed in this 4100 group of accounts. It includes, but is not limited to, the cost of such items as: reports and accounting forms; stationery and other office supplies; postage; telephone services; messenger service; rental of office space; advertising for bids; publications; membership dues; collection agency & court costs, training costs; management fees, and fiscal agent fees.

4191: Tenant Organization: LTO Funding by the LHA. Upon request the LHA shall fund all LTOs in a city or town at the annual rate of \$6.00 per state-aided public housing unit occupied or available for occupancy by residents represented by such LTO(s) or an annual total of \$500.00 prorated among all such LTO(s), whichever is more. For more information on the creation and funding of LTOs see 760 CMR 6.09.

Authorities which operate computer learning centers, which are funded by the state consolidated budget or by other sources (which are typically recorded in line #3691 as "Other Revenue Retained", should budget the cost of the centers on this line.

4310: Water: This account should be charged with the cost of water and sewer charges purchased for all purposes.

4320: Electricity: This account should be charged with the total cost of electricity purchased for all purposes. Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off- site solar electricity-generating site. In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased or in some cases receives a direct cash payment from their utility company. Please ensure that the amount charged to this account is the total cost of electricity BEFORE any reductions due to the receipt of net meter credits.

4330: Gas: This account should be charged with the cost of gas (natural, artificial, or liquefied) purchased for all purposes.

4340: Fuel: This account should be charged with the cost of coal, fuel oil, steam purchased, and any other fuels (except electricity and gas) used in connection with Local Housing Authority operation of plants for the heating of space or water supplied to tenants as a part of rent.

4360: Energy Conservation: This account is to be charged with costs incurred for energy conservation measures.

4390: Other Utilities: This account should be charged with the cost of utilities which are not provided for in accounts 4310 through 4360.

4391: Solar Operator Costs: Many LHAs have entered into Net Meter Credit Power Purchase Agreements (PPA's). In these deals, an LHA executes a contract with a solar power developer who constructs and owns an off-site solar electricity-generating site. The LHA makes regular (usually monthly) payments to the developer for its contracted share of the solar electricity produced by the site. Those payments should be entered in this account.

4392: Net Meter Utility Credit (Negative Amount): As noted in account #4391 above, many LHAs have executed Net Meter Credit Power Purchase Agreements (PPA's). In exchange for contracting to purchase a percentage of the solar power produced, the LHA receives a credit on its utility electric bill for each KWH purchased from the developer, which reduces the balance on its electric bill, or, in some cases, the credits are paid in cash to the LHA by the utility company. The total gross amount of the net meter credits that appear on the LHA's utility bills should be carried in this account and entered as a negative number. In cases where credits are paid in cash to the Host LHA, the net balance after paying out the amounts due the participating housing authorities, should also be carried in this account and entered as a negative number.

4410: Maintenance Labor: This account should be charged with the gross salaries and wages, or applicable portions thereof, for LHA personnel engaged in the routine maintenance of the project.

4420: Materials & Supplies: This account should be charged with the cost of materials, supplies, and expendable equipment used in connection with the routine maintenance of the project. This includes the operation and maintenance of automotive and other movable equipment, and the cost of materials, supplies, and expendable equipment used in connection with operating services such as janitorial services, elevator services, extermination of rodents and household pests, and rubbish and garbage collection.

4430: Contract Costs: This account should be charged with contract costs (i.e. the cost of services for labor, materials, and supplies furnished by a firm or by persons other than Local Authority employees) incurred in connection with the routine maintenance of the project, including the maintenance of automotive and other movable equipment. This account should also be charged with contract costs incurred in connection with such operating services as janitorial services, fire alarm and elevator service, extermination of rodents and household pests, rubbish and garbage collection, snow removal, landscape services, oil burner maintenance, etc.

4510: Insurance: Includes the total amount of premiums charged all forms of insurance. Fire and extended coverage, crime, and general liability are handled by DHCD on a statewide basis. All other necessary insurance policies include: Workers' Compensation, boiler, vehicle liability and owner, etc.

4520: Payments in Lieu of Taxes:

This account should be charged with all payments in lieu of taxes accruing to a municipality or other local taxing body.

4540: Employee Benefits: This account should be charged with local housing authority contributions to employee benefit plans such as pension, retirement, and health and welfare plans. It should also be charged with administrative expenses paid to the State or other public agencies in connection with a retirement plan, if such payment is required by State Law, and with Trustee's fees paid in connection with a private retirement plan, if such payment is required under the retirement plan contract.

Employee benefits are based upon a given percentage of the total payroll; therefore, the total amount approved in this account will be based on the approved budgeted salaries representing the state's fair share.

4541: Employee Benefits - GASB 45: This line covers "Other Post-Employment Benefits" (OPEB). Of the total benefits offered by employers to attract and retain qualified employees, some benefits, including salaries and active-employee healthcare are taken while the employees are in active service, whereas other benefits, including post-employment healthcare and other OPEB are taken after the employees' services have ended. Nevertheless, both types of benefits constitute compensation for employee services. In accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

4542: Pension Expense – GASB 68: The primary objective of GASB 68 Statement is to improve accounting and financial reporting for pension costs. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. As with account 4541 above, in accordance with required accounting practices, this amount is not projected in the budget (and is therefore blank) but the estimated future costs of this item is carried in the operating statement.

4570: Collection Loss: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents. Note: Do not include losses from fraud/retroactive balances here. Report them in Account 4571 – Collection Loss – Fraud/Retroactive.

4571: Collection Loss – Fraud/Retroactive: The balance in this account represents the estimated expense to cover unexpected losses for tenant rents due to unreported income, i.e. fraud/retroactive balances.

4580: Interest Expense: The debit balance in this account represents the interest expense paid and accrued on loans and notes payable. This debt can be from operating borrowings or capital borrowings.

4590: Other General Expense: This account represents the cost of all items of general expenses for which no specific account is prescribed in the general group of accounts.

4610: Extraordinary Maintenance – Non-Capitalized: This account should be debited with all *costs* (labor, materials and supplies, expendable equipment (such as many tools or routine repair parts), and contract work) of repairs, replacements (but not replacements of non-expendable equipment), and rehabilitation of such a substantial nature that the work is clearly not a part of the routine maintenance and operating program. The items charged to this account should not increase the useful life or value of the asset being repaired. These items are not capitalized and are not added as an increase to fixed assets at the time of completion. Nor are these items depreciated. An example of this would be scheduled repainting of apartments.

4611: Equipment Purchases – Non-Capitalized: This account should be debited with the costs of equipment that does not meet the LHA's criteria for capitalization. Because these items are being expended when paid, they should not be categorized as a fixed asset and therefore will not be depreciated. These items include stoves, refrigerators, small tools, most computers and software, etc.

The budget is a planning tool and as our portfolio ages it is essential that LHAs evaluate their properties annually and plan for extraordinary maintenance. To that end DHCD very strongly recommends that for all 400-1 operating budgets, depending on the age of the portfolio and condition, LHAs spend between \$100 and \$500 a year per unit in Extraordinary Maintenance, Equipment Purchases, Replacement of Equipment, and Betterments & Additions to ensure that the aging public housing stock is preserved.

4715: Housing Assistance Payments: This account should be debited with all housing assistance payments paid to landlords for the MRVP program on a monthly basis.

4801: Depreciation Expense: This account should be debited with annual fixed asset depreciation expenses as determined by the LHA's capitalization policy.

7520: Replacement of Equipment – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment purchased as a replacement of equipment of substantially the same kind. These items, such as vehicles, computers, or furniture, meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life.

7540: Betterments & Additions – Capitalized: This account should be debited with the acquisition cost (only the net cash amount) of non-expendable equipment and major non-routine repairs that are classified as a betterment or addition. These items meet the LHA's criteria for capitalization and will also be added to fixed assets and therefore depreciated over the useful life of the asset. Examples are: major roof replacement, structural repairs such as siding, or major paving work.

In accordance with GAAP accounting, inventory purchases (Replacement of Equipment and Betterments & Additions) are distinguished between capitalized and non-capitalized items. Any inventory or equipment purchase greater than \$5,000 is required by DHCD to be capitalized, inventoried and depreciated. Any inventory or equipment purchase costing \$1,000 to \$4,999 should be inventoried by LHA staff for control

purposes only but is not subject to capitalization or depreciation, it is, however, required to be expensed when the items are paid for. An LHA's inventory listing should include both capitalized and non-capitalized items of \$1,000 and more, as well as all refrigerators and stoves of any value. All items that appear on the inventory listing should be tagged with a unique identification number, and all refrigerators and stoves (regardless of value) should be tagged. LHAs may adopt a capitalization policy that capitalizes inventory purchases at a lesser amount than the \$5,000 requirement (i.e. \$1,000 - \$4,999); however, no capitalization policy can have an amount higher than \$5,000. Any inventory or equipment purchases costing \$0 to \$999 are to be expensed when paid for.

Narrative Responses to the Performance Management Review (PMR) Findings

The Performance Management Review conducted by the Department of Housing and Community Development (DHCD) for the 2019 LHA fiscal year resulted in the following ratings. Criteria which received a 'Corrective Action' rating show both a reason for the rating and a response by the LHA. The reason indicates Shelburne Housing Authority's understanding of why they received the rating, while the responses describe their goals and the means by which they will meet or improve upon the performance-based assessment standards established by DHCD in the PMR. When the PMR rating is 'Operational Guidance', the LHA may have responded, but was not required to.

Category: Management

Criterion: Occupancy Rate - the percentage of units that are occupied on monthly report.

Rating: Operational Guidance

Reason: Highland Village was renovating kitchens and bath development-wide during the reporting period. Many units were kept offline for relocating tenants during the work phases. The property management department was also short staffed for a greater part of the year, and in leadership transition.

Response: The kitchen and bath remodel project concluded in August and began leasing units. After a period of excessive staff turnover, an experienced Property Management Director began in January 2020, and the team is stable. Vacancies have lowered to an acceptable level since February.

Criterion: Tenant Accounts Receivable (TAR) - the percentage of uncollected rent and related charges owed by tenants to the local housing authority (LHA), out of the total amount of rent and related costs charged to tenants.

Rating: Corrective Action

Reason: Due to staffing transition, there was inadequate training. Staff were not completing TAR reports in the DHCD portal (HAFIS), and were not working internally with finance to write off doubtful rent accounts from vacated units. We now have experienced leadership, and are training all staff on proper procedure.

Response: The department is now fully staffed and focused on data input to bring the outstanding report requirements into compliance.

Criterion: Certifications and Reporting Submissions - timely submission of statements and certifications

Rating: Operational Guidance

Reason: The property management department was inadequately trained and short staffed for a greater part of the year.

Response: The department is now fully staffed and focused on data input to bring the outstanding report requirements into compliance. A training plan is in place for all property managers.

Criterion: Completion of mandatory online board member training

Rating: No Findings

Category: Financial

Criterion: Adjusted Net Income - a measure of overspending or underspending.

Rating: Corrective Action

Reason: Major bath renovation project last year, moving tenants out of their apartments reduced our ability to keep the project at budgeted levels of tenancy. Also due to the project, were increased costs for utilities used in the project. Tenancy penalties were assessed by DHCD because staff did not fully understand the need to request waivers for offline units. Project completed 9/30/19 and tenancy has returned to a good level.

Response: Costs are being controlled with additional steps now, including a lower limit on credit purchases for all property management and maintenance staff. The new Property Management Director has also taken responsibility for approving all invoices.

Criterion: Current Operating Reserve as a percentage of total maximum reserve level.

Rating: Corrective Action

Reason: Operating Reserves are just below the required level for DHCD as of 9/30/19. Increased tenancy and cost controls have been implemented.

Response: Management and the Board is in discussion of alternative ways to increase reserve levels, including reviewing organizational structure, which could lower some expenses. This conversation with the Board has generated interest in and the need for additional financial management training at the Board level.

Category: Capital Planning

Criterion: Capital Improvement Plan (CIP) submitted on time.

Rating: No findings

Criterion: Timely spending of capital funds awarded under the Formula Funding program

Rating: Operational Guidance

Reason: The property management department was focused on the kitchen and bath remodel project which took more than eight months to complete moving and relocating the 46 units on site. Other projects were placed on hold during this time.

Response: Once the kitchen and bath project was complete staff have now been able to increase the amount of projects that can be managed and completed to meet the compliance expectations.

Category: Facility Management - Health & Safety

Criterion: Health and Safety Violations

DHCD has observed conditions at the LHA's developments and reported the following health and safety violations. The LHA has certified the number of corrected violations in each category.

	Number of violations cited	Number of violations corrected
Maintenance related violations	0	0
Tenant related violations	1	1

Category: Facility Management - Inspections

Criterion: LHA Conducted 100% of the Unit Inspections.

Rating: No Findings

Criterion: Inspection reports noted 100% of the necessary repairs in each unit.

Rating: No Findings

Criterion: 100% of inspection-related work orders were generated.

Rating: No Findings

Criterion: Work order system identifies, tracks, and can produce reports for inspection work orders.

Rating: No Findings

Criterion: Inspection work orders were completed within 30 calendar days from the date of inspection, OR if cannot be completed with 30 calendar days, are added to the Deferred Maintenance Plan or included in the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).

Rating: No Findings

Category: Facility Management - Work Order System

Criterion: Emergency work orders defined per Property Management Guide, identified, tracked, reportable.

Rating: No Findings

Criterion: Emergency work orders initiated within 24-48 hours.

Rating: No Findings

Criterion: Vacancy work orders identified, tracked and reportable.

Rating: No Findings

Criterion: Vacancy work orders were completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver.

Rating: No Findings

Criterion: Comprehensive Preventive Maintenance Program exists & preventive work orders identified, tracked, and reportable.

Rating: No Findings

Criterion: Routine work orders should be identified, tracked, reportable and competed regularly.

Rating: No Findings

Criterion: Requested work orders identified, tracked and reportable.

Rating: No Findings

Criterion: Requested work orders were completed in 14 calendar days from the date of tenant request or if not completed within that timeframe (and not a health or safety issue), the task was added and completed in a timely manner as a part of the Deferred Maintenance Plan and/or CIP.

Rating: No Findings

Category: Facility Management - Emergency Response System:

Criterion: Housing authorities has 24 Hour Emergency Response System, Distributed Emergency Definition to Residents, Staff, and Answering Service (if applicable).

Rating: No Findings

Explanation of PMR Criteria Ratings

CRITERION	DESCRIPTION
Management	
Occupancy Rate	<p>The rating is calculated using the following formula: (Total Number of Occupied units on Monthly Report divided by (Total Number of Units Minus Units that Received a Waiver Minus Number of Units Vacant less than 30 days on Monthly Report)</p> <ul style="list-style-type: none"> • “No Findings” : Occupancy Rate is at or above 98% • Operational Guidance: Occupancy rate is at 95% up to 97.9% • Corrective Action: Adjusted occupancy rate is less than 95%
Tenant Accounts Receivable (TAR)	<p>This criterion calculates the percentage of uncollected rent and related charges owed by starting with the amount reported by the LHA, as uncollected balances for the TAR (Account 1122 from the Balance Sheet) minus Normal Repayment Agreements* divided by Shelter (Tenant) Rent (account 3110 from the Operating Statement)</p> <ul style="list-style-type: none"> • “No Findings” : At or below 2% • “Operational Guidance” : More than 2% , but less than 5% • “Corrective Action” : 5% or more
Certifications and Reporting Submissions	<p>Housing authorities are required to submit 4 quarterly vacancy certifications by end of the month following quarter end; 4 quarterly operating statements and 4 Tenant Accounts Receivable (TAR) reports within 60 days of quarter end.</p> <ul style="list-style-type: none"> • “No Findings” : At least 11 of the required 12 reports were submitted and at least 9 were submitted on time. • “Operational Guidance” : Less than 11 of the required 12 reports were submitted and/or less than 9 were submitted on time.
Board Member Training	<p>Percentage of board members that have completed the mandatory online board member training.</p> <ul style="list-style-type: none"> • “No Findings” : 80% or more completed training • “Operational Guidance” : 60-79.9% completed training • “Corrective Action” : <60 % completed training

CRITERION	DESCRIPTION
Financial	
Adjusted Net Income	<p>The Adjusted Net Income criterion calculation starts with an LHA's Net Income and subtracts Depreciation, GASB 45 (Retirement Costs), GASB 68 (Retirement Costs), Extraordinary Maintenance (maintenance expense outside of routine/ordinary expenses), and Equipment Purchases – Non Capitalized. This Adjusted Net Income amount is then divided by the Total Expenses of the LHA. If this Adjusted Net Income amount is positive, it means underspending and if it is negative it means overspending.</p> <p>Underspending Rating:</p> <ul style="list-style-type: none"> • “No Findings” : 0 to 9.9% • “Operational Guidance”: 10 to 14.9% • “Corrective Action”: 15% or higher <p>Overspending Rating:</p> <ul style="list-style-type: none"> • “No Findings” : 0 to -4.9% • “Operational Guidance”: -5% to -9.9% • “Corrective Action”: -10% or below
Operating Reserves	<p>Current Operating Reserve as a percentage of total maximum reserve level. Appropriate reserve level is buffer against any unforeseen events or expenditures.</p> <ul style="list-style-type: none"> • “No Findings” :35%+ of maximum operating reserve • “Operational Guidance”: 20% to 34.9% of maximum operating reserve • “Corrective Action”: <20% of maximum operating reserve
Capital Planning	
Capital Improvement Plan (CIP) Submitted	<p>Housing authorities are required to submit a five-year capital plan every year.</p> <ul style="list-style-type: none"> • “No Findings” =Submitted on time and no modifications required or modifications made within 45 days. • “Operational Guidance” =Up to 45 days late and no modifications required or modifications made within 45 days. • “Corrective Action” =More than 45 days late or modifications required and not completed within 45 days.
Capital Spending	<p>Under the Formula Funding Program (FF), authorities receive undesignated funds to spend on projects in their Capital Improvement Plan. They are rated on the percentage of available funds they have spent over a three-year period</p> <ul style="list-style-type: none"> • “No Findings” = at least 80% • “Operational Guidance” = At least 50% • “Corrective Action” = Less than 50%

CRITERION	DESCRIPTION
Health & Safety	
Health & safety violations	DHCD has observed conditions at the LHA’s developments and reported health and safety violations. The LHA has certified the number of corrected violations in each category.
Facility Management - Inspections	
Unit Inspections Conducted	<p>Housing authorities are required to conduct inspections of all their occupied units at least once a year</p> <ul style="list-style-type: none"> • “No Findings”: 100 % of sampled units had inspections conducted once during the year • “Corrective Action”: Fewer than 100% of sample units were inspected during the year
Inspections Report	<p>Housing authorities are required to note all of the deficiencies found during inspections</p> <ul style="list-style-type: none"> • “No Findings”: 100 % of deficiencies are noted on inspection report • “Corrective Action”: Fewer than 100% of deficiencies are noted in inspection report
Inspection Work Order	<p>Housing authorities are required to generate work orders for all deficiencies noted during inspections</p> <ul style="list-style-type: none"> • “No Findings”: 100 % of deficiencies noted on inspection reports generated work orders • “Corrective Action”: Fewer than 100% of deficiencies noted on inspection reports generated work orders
Work Order System	<p>Work order system identifies, tracks, and can produce reports for inspection work orders.</p> <ul style="list-style-type: none"> • “No Findings”: Inspection work orders are identified, tracked, and reportable • “Operational Guidance”: Inspection work orders are not identified, and/or tracked, and/or reportable
Inspections Work Orders Completed	<p>Inspection work orders were completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or included in the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).</p> <ul style="list-style-type: none"> • “No Findings”: Sampled inspection work orders were completed within 30 days of inspection date or added to deferred maintenance plan and/or CIP • “Operational Guidance”: Sampled inspection work orders were completed within 31 to 45 calendar days of inspection date and not added to deferred maintenance plan or CIP • “Corrective Action”: Sampled inspection work orders were completed in over 45 calendar days of inspection date

CRITERION	DESCRIPTION
Facility Management – Work Order System	
Emergency Work Orders Properly Defined	<p>Emergency work orders should be defined per <u>Property Management Guide</u>, identified, tracked, reportable.</p> <ul style="list-style-type: none"> • “No Findings”: Emergency work orders defined per <u>Property Management Guide</u>, identified, tracked, reportable • “Operational Guidance”: Emergency work orders are not defined per <u>Property Management Guide</u>, and/or identified, and/or tracked, and/or reportable
Emergency Work Orders Initiation	<p>Emergency work orders should be initiated within 24 to 48 hours.</p> <ul style="list-style-type: none"> • “No Findings”: Emergency work orders initiated within 24-48 hours • “Corrective Action”: Emergency work orders not initiated within 24-48 hours
Vacancy Work Orders	<p>Vacancy work orders should be identified, tracked and reportable.</p> <ul style="list-style-type: none"> • “No Findings”: Vacancy work orders identified, tracked AND reportable • “Corrective Action”: Vacancy work orders are not identified, and/or tracked, and/or reportable
Vacancy Work Orders Completed	<p>Vacancy work orders should be completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver.</p> <ul style="list-style-type: none"> • “No Findings”: Vacancy work orders are completed within 30 calendar days or if not completed within timeframe, LHA has a waiver • “Operational Guidance”: Vacancy work orders completed within 31-60 calendar days • “Corrective Action”: Vacancy work orders completed 61+ calendar days
Preventive Maintenance Program	<p>Housing authorities are required to maintain a comprehensive preventive maintenance program in which preventive work orders are identified, tracked, and reportable.</p> <ul style="list-style-type: none"> • “No Findings”: A comprehensive preventive maintenance program exists and work orders are identified, tracked and reportable • “Corrective Action”: A comprehensive preventive maintenance program does not exist OR work orders are not identified and/or tracked and/or reportable
Routine Work Orders	<p>Routine work orders should be identified, tracked, reportable and completed regularly.</p> <ul style="list-style-type: none"> • “No Findings”: Routine work orders identified, tracked, reportable and completed regularly • “Operational Guidance”: Routine work orders are not identified, and/or tracked and/or reportable, and/or completed regularly

CRITERION	DESCRIPTION
Requested Work Orders	<p>Requested work orders should be identified, tracked and reportable.</p> <ul style="list-style-type: none"> • “No Findings”: Requested work orders identified, tracked, reportable and completed regularly • “Operational Guidance”: Requested work orders are not identified and/or tracked and/or reportable, and or completed regularly
Requested Work Orders Completion	<p>Requested work orders should be completed in 14 calendar days from the date of tenant request or if not completed within that timeframe (and not a health or safety issue), the task should be added and completed in a timely manner as a part of the Deferred Maintenance Plan and/or CIP.</p> <ul style="list-style-type: none"> • “No Findings”: Requested work orders are completed within 14 calendar days of tenant request OR added to deferred maintenance plan and/or CIP • “Operational Guidance”: Requested work orders are completed within 15-30 calendar days from the date of tenant request • “Corrective Action”: Requested work orders are completed in over 30 calendar days from the date of tenant request OR not completed
Emergency Response System	<p>Housing authorities should have a 24 Hour Emergency Response System and distribute Emergency Definition to Residents, Staff, and Answering Service (if applicable).</p> <ul style="list-style-type: none"> • “No Findings”: A 24-hour system for responding to emergencies exists AND definitions of emergencies have been distributed to staff, residents and answering service, if applicable • “Operational Guidance”: System exists, but no definition has been distributed • “Corrective Action”: Neither a system nor distributed definitions exist

Policies

The following policies are currently in force at the Shelburne Housing Authority:

Policy	Last Ratified by Board Vote	Notes
*Rent Collection Policy	06/10/2020	
*Personnel Policy	08/08/2019	HRA Policy
*Capitalization Policy	07/06/2020	HRA Policy
*Procurement Policy	06/10/2020	
*Grievance Policy	07/08/2020	

* Starred policies are required by DHCD. Policies without a "Latest Revision" date are not yet in force.

The list of policies has been provided by the LHA and has not been verified by DHCD.

Waivers

AP-2021-Shelburne Housing Authori-00068 has no current waivers from the regulations of the Department of Housing and Community Development (DHCD).

Glossary

ADA: Americans with Disabilities Act. Often used as shorthand for accessibility related issues or improvements.

AHVP: Alternative Housing Voucher Program

Alternative Housing Voucher Program provides rental vouchers to disabled applicants who are not elderly and who have been determined eligible for Chapter 667 (elderly and disabled) housing.

Allowable Non-Utility Expense Level (ANUEL) is the amount of non-utility expense allowed for each local housing authority based upon the type(s) of housing programs administered.

ANUEL: Allowable Non-Utility Expense Level

AP: Annual Plan

Annual Plan: A document prepared by each Local Housing Authority, incorporating the Capital Improvement Plan (CIP), Maintenance and Repair Plan, Budget, responses to the Performance Management Review, and other elements.

Cap Share is the amount of Formula Funding spending approved by DHCD for each year.

Capital Funds: Funds provided by DHCD to an LHA for the modernization and preservation of state-aided public housing, including Formula Funds and Special Capital Funds.

Capital Needs Assessment, similar to the CIP, often used for developments in the Section 8 New Construction/Substantial Rehabilitation program. Such developments are generally not eligible for state capital funds and therefore do not participate in the CIP process. However, to track their ongoing capital needs and plan for construction projects to address those needs, they often conduct a CNA to determine when building systems will wear out and need to be replaced, and what replacement will cost, so they can plan to ensure that the necessary funding will be available

Capital Projects are projects that add significant value to an asset or replace building systems or components. Project cost must be greater than \$1000.

CIMS is a web-based software system used for creating CIP's and Annual Plans. For the CIP, the CIMS program allows the LHA to prioritize, select and schedule projects, assign funding sources and direct project spending to specific fiscal years to create a CIP that is consistent with the LHA's FF award amount and FF cap shares, plus any additional funding resources the LHA has identified. The LHA submits its CIP and DHCD conducts its review of the LHA's CIP in CIMS. For the Annual Plan CIMS imports data from other DHCD systems and combines that with data entered by the LHA.

CIP: A Capital Improvement Plan (CIP) is a five (5) year plan which identifies capital projects, provides a planning scope, schedule and budget for each capital project and identifies options for financing and implementing the plan. The contents of a CIP are limited to available resources. An approved CIP is required in order to receive Formula Funds.

CNA: Capital Needs Assessment

CPS is DHCD's transparent Web-based capital planning system that catalogues the condition of every building and site in the statewide public housing portfolio, providing LHAs with detailed technical information to make strategic long-term capital investments. It includes a Facility Condition Index (FCI) for every development that compares the value of expired components of a development relative to its replacement cost.

Deferred Maintenance is maintenance, upgrades, or repairs that are deferred to a future budget cycle or postponed for some other reason. Sometimes it is referred to as extraordinary maintenance.

Deficit housing authority: a housing authority whose income (mainly from rent) does not cover all its normal operating costs in its approved operating budget, and which therefore operates at a deficit and requires operating subsidy from DHCD.

DHCD: Massachusetts Department of Housing & Community Development

Extraordinary Maintenance: see the description for budget line 4610 in the Explanation of Budget Accounts in the Budget Section of this Annual Plan.

FF: Formula Funding

Formula Funding is state bond funding allocated to each LHA according to the condition (needs) of its portfolio in comparison to the entire state-aided public housing portfolio.

FYE: Fiscal Year End

HHA Administrative Fee is the fee paid to an HHA from the RCAT Program budget.

HHA: Host Housing Authority for the RCAT program.

Host Housing Authority (HHA). An LHA selected by the Department to employ and oversee an RCAT.

HUD: U.S. Department of Housing and Urban Development

LHA: Local Housing Authority

LTO: Local Tenants Organization

Management and Occupancy Report: This is an annual HUD review process that is used to evaluate the performance of developments in various HUD housing programs, including the Section 8 New Construction/Substantial Rehabilitation program, which some LHAs operate. It is similar to the state PMR process in that it evaluates LHA performance on variety of financial, housing quality, and other standards

Massachusetts Rental Voucher Program (MRVP) is a state-funded program that provides rental subsidies to low-income families and individuals.

MOR: Management and Occupancy Report

MRVP: Massachusetts Rental V DHCD's annual review of each housing authority's performance. It pulls together data on the authority's occupancy rates, tenant accounts receivables, accounts payable, budget variance, operating reserve, capital improvement plan submission, capital spending, annual inspections and work order and maintenance systems to identify and address areas of strength and areas for development. Its goal is to allow DHCD and the LHA to

take a deep dive into the data, lift up best practices, and work together towards improving operations oucher Program.

Performance Management Review (PMR):

PMR: Performance Management Review

RCAT: Regional Capital Assistance Team

Regional Capital Assistance Team: One of three organizations employed at HHAs designated by the Department to carry out the RCAT Program.

Sec.8 NC/SR (or S8NCSR): Section 8 New Construction and Substantial Rehabilitation

Section 8 New Construction and Substantial Rehabilitation (Sec.8 NC/SR): This term refers to a federal HUD housing program operated at a small number of state public housing developments whose construction was funded by state grants, but whose ongoing operating costs are supported by project-based subsidies from HUD's federal Section 8 program, rather than from state public housing operating funds..

Special Awards: In addition to allocations to each LHA, DHCD has created limited set aside funds to provide for extreme emergency or code compliance needs which are beyond the capacity of an LHA's current FF balance.

Surplus housing authority: a housing authority whose income (mainly from rent) covers all its normal operating costs in its approved operating budget, and which therefore operates at a surplus and does not require operating subsidy from DHCD.

Attachments

The following items have been uploaded as attachments to this Annual Plan.

Due to the COVID-19 emergency, on-site Performance Management Review (PMR) assessments by the Facilities Management Specialists were cancelled for the December fiscal year end housing authorities. Therefore, the Facility Management categories have been omitted from the PMR document.

Subject: Shelburne 2021 annual plan draft question

Hello,

I see three line items below the monthly maintenance- deferred maintenance. \$10K each for painting. One is unit #0 and two are for unit #16. This doesn't make sense to me. Please help me understand \$20k estimated to paint a residential apartment.

Thanks,

-Brad

Subject: Annual Report Comments

As a resident of two years I'd like to express my gratitude and appreciation to HRA/SHA for your continuing support of Highland Village. In my later years I was unprepared for medical and living expenses, public housing has provided a comfortable home in a well maintained atmosphere. Maintenance staff does an exceptional job year round on this property considering our safety as well as functionality. Accommodating individual needs during the bathroom renovations was key and I highly praise Hugh Mackay and our maintenance staff for their attention to detail and emotional support. Management remains approachable and supportive within the limits of the pandemic. There are some who damage the reputation of HV with demands more in tune with a privately owned condo rather than low income public housing. Each individual's perception of "immediate need " varies . However, I am very content and satisfied with management as well as maintenance in this charming little village.

Respectfully
Penny Clark

Subject: Group Comments from Highland Village Residents
Date: Friday, July 31, 2020 3:02:24 PM

Many Residents here love life at Highland Village and appreciate our long-term staff.

However, the chronic turnover in management year after year poses important aspects of life at Highland Village that may fall through the cracks. Respect for resident input is a way to restore institutional memory and build trust between residents and management. We would like to encourage LHA Board members and upper management to regard resident participation as a resource rather than an annoyance.

HV RESIDENT COMMENTS FOR 2021 Annual MTG

In terms of the work in progress on the non-smoking lease addendum, there is concern on my part that by denying scientific based testing for smoking, this predetermines an outcome that denys the presence of active smokers smoking on the property, 2nd hand smoke, and thirdhand smoke. Most people are not sensitized to such pollutants except for individuals suffering from a number of serious medical conditions. A simple sniff test is absurd and not endorsed by any state or federal agency. I sincerely hope SHA takes into account the resident response before submitting to DHCD for formal approval.

(j.gens)

The following comments were made by several individuals who wanted to remain anonymous.

- Thank you for the new signage to help emergency crews find us—WE NEED CLARITY ON THE #s SHOWN OVER OUR HALL ENTRY DOORS and the letters on our APARTMENT DOORS to be bright and reflective FOR EMERGENCY CREWS (not dirty gold/brown #s on a dark brown door)

OLD Business:

- Where is our handbook?
 - Where is our Pet Policy?
 - Where is our Smoking Policy?
 - Where are our cameras?
 - Why can't we have wifi in our common area?
-
- The SHA/HRA bulletin board is an embarrassing mess of no or confusing info—this has always been the responsibility of management—it is NOT up to residents to maintain—or should not be.
-
- Clear signage needs to be posted in the laundry room to clean room before leaving; when a machine is down SAY SO! A brief note should be left with date, which machine(s), problem, laundry repair has been called. POST THAT

PHONE #/what to do IN laundry room in an obvious place

- Communication between HRA/residents is abysmal. EVERYTHING that is taped to our doors or mailed to residents should include a DATE, plus a sender's name, title, contact phone #, including extension, email address
- Parking is becoming an issue for some residents because more have a vehicle (or two) or vehicles that are moved once a year (or longer) at best.
- Residents should NOT have to read over board mtg minutes to remind board members of what they voted to do and then get it done.
- Where is our emergency plan?
- NEVER EVER send out architectural plans or any other materials w/o a cover letter with a date, some form of specific info such as "this is an fyi only, we haven't even applied for the grant monies for this project" or, "this is a project we are working on for the future," a signature and contact info for questions. Residents came out of a rough year of renovation, after a couple years of stalling, lost about a dozen neighbors through various forms, went through winter with about a dozen new neighbors they didn't know, approaching spring we were slammed with a pandemic, and no management onsite, then architectural plans (like another language in size 6 or 8 type, and no cover letter. Shame on you for sending some of us into a panic. We are human beings, some more vulnerable than others, and ALL are worthy of respect and consideration. AND you've just done it AGAIN by removing ALL our front trees—and not one peep to us residents. Appalling.
- DUMPSTERS need to be labeled, BIG and BOLD: Garbage Only and Recycling Only—they are being used interchangeably by both residents and workers—be nice to have how-to recycle info. Please sanitize both dumpsters which are especially prone to rotting food, fecal matter, and flies in the intense heat.
- We've just heard a rumor that the office will be open Tue Aug 4, with new hours—true or not? No notice from our staff.
- Almost no phone calls or emails have been returned during the pandemic. Residents have questions/concerns about recert application. Why must residents fill these out? Residents don't wish to mail original documents with the application. No response to these concerns/queries.
- Residents have seen management on the property several times—they appear to keep their heads down, in attempt to avoid contact. True? We don't know, but this was stated a good number of times.
- Residents and some visitors still nit wearing a mask and it appears nothing is said to those without. Our town, our Board of Health, our senior center, LifePath are what has gotten us through this extremely stressful period thus far. Wmean we're brainless and don't notice the empty promises.
- Masks delivered to residents were and are appreciated
- Keeping up maintenance of property IS appreciated, as was wiping down hallway handles and doors was, when it was done.

Jacqueline Gens, Scribe
7 Highland Village
Shelburne Falls, MA 01370

in attendance was ready. Once it was confirmed that everyone in attendance had the new platform information, the meeting ended via Zoom and convened via GoToMeeting.

Executive Administrative Assistant, J. Carey, also forwarded the GoToMeeting information to the HRA Staff Person that was holding a meeting via Zoom at 5:00 p.m. This was to ensure that anyone using the original Zoom information to attend the SHA Board Meeting would be re-directed to the new platform.

The Annual Plan portion of the meeting officially convened at 5:06 p.m. once it was confirmed Commissioner Levitch's sound was functional and that all those in attendance from the Zoom platform were present at the GoToMeeting platform.

The meeting began with the review of the FY2021 Annual Plan as it was posted to begin at 5:00 p.m., and the board meeting commenced afterward.

SHA FY2021 Annual Plan: The plan will be tabled for vote until the August regular board meeting, at which time the plan will reflect the correction with the funding error.

Discussion:

G. Govoni noted that aggregate funding from a community development block grant in the amount of \$750,000 is showing in error as funding that has been awarded, which is incorrect. Communications with DHCD have been occurring since May to have this error removed and unfortunately it has not yet been done. The remaining information is correct.

H. Mackay provided an overview explaining that FISH projects are projects funded by both CDBG and DHCD funds. RCAT is utilized to assist with building a capital plan and determining priorities. He explained that CapHub is the software used that assigns a FISH number to the project. Funds left over from a project go back in a pool for future projects. A FISH number by the project means it's a project that has been approved. The items that don't have a FISH number are future projects which are not yet funded.

H. Mackay reviewed the numerous FISH projects, highlighting a few that have been funded such as line painting, tree removal and Phase II of the kitchen and bath project (design only).

Because there were no bidders for the line painting, we will now choose a contractor to do the painting.

The tree removal project will result in removing tree's from Building A as their falling branches are hazardous to residents who use walkers and wheelchairs, as well as the roofs.

The Kitchen & Bath's project is CDBG funding. The town is allowing SHA to use extra funds towards phase II of this project for design work regarding kitchens.

Commissioner Flaccus requested that the Phase II Kitchen & Bath project documents be sent to her and all of the SHA Commissioners.

A question was posed regarding a concern with the lighting upgrades and addition lighting pointing into units.

H. Mackay replied that it's an update to existing lights that will now be using LED lights and he will ensure that they don't point to anyone's unit. Once the funds are received then the impact can be evaluated.

L. Cornish reported on the operating budget section of the plan, stating that it's the same budget that the Board reviewed fall of 2019. The operating budget is what has been submitted to DHCD and in which they approved. SHA was given a 10% increase in subsidy which is positive for this year's budget. Also exemptions in the amount of \$9,200 and \$5,000 were given. The first part of the year reflects many empty units. Currently there are only 2 empty units. There's also been a reduction in materials and supplies as the first phase of the Kitchen & Bath project has been completed. While this positive news, the approved budget continues to show excess expenses over revenue that are coming out of SHA reserves. This could cause a problem with next year's budget as DHCD has minimum operating reserve requirements.

G. Govoni noted that the PMR Findings show a corrective action. This was due to staff being unaware of how to properly enter TAR data into HAFIS. The PM department corrected the issue in early 2020 by entering 6 quarters of data.

She summarized that the Rent Collection Policy and Procurement Policy were all approved by the Board in June. The HRA Internal Control Manual includes the Capitalization Policy. The Grievance Policy is to be reviewed at this evening's meeting if there is time.

The deadline for approval of the Annual Plan is August 30, so there is time for it to be reviewed and approved at the August 12 meeting and submitted to DHCD.

Pre-Submitted Questions:

One pre-submitted question was received that inquired as to why there were three line items below the monthly maintenance- deferred maintenance. \$10K each for painting. One is unit #0 and two are for unit #16. This doesn't make sense to me. Please help me understand \$20k estimated to paint a residential apartment.

H. Mackay addressed this question in his review of the Preventative Maintenance Chart noting that \$30,000 is requested to paint the entire building. It appears on the spread sheet that it will cost \$10,000 to paint one unit. This is not a correct reflection. The chart only shows a summary of preventative maintenance jobs, and that a tenant requested that the unit be painted. It is misleading that it shows it will cost \$10,000 to do so.

Call to Order

There being a quorum present, Commissioner Levitch moved and Commissioner Payne seconded a motion to call the Regular meeting of the Shelburne Housing Authority Board of Commissioners to order at 6:06 p.m. which was held via GoToMeeting.

The Board welcomes newest Commissioner Roger Bowen Weld.

1. Actions

Minutes: Commissioner Flaccus moved and Commissioner Payne seconded a motion to approve the minutes of the June 10, 2020 regular meeting as prepared.

17-126 Vote 5 in favor; 0 opposed; 0 abstaining

SHA Grievance Policy: Commissioner Maccini moved and Commissioner Levitch seconded a motion to approve the Shelburne Housing Authority Grievance Policy as presented.

Commissioner Flaccus noted that one sentence is grammatically incorrect. The Board approved her suggested grammatical change.

She also stated that she is much more pleased with this version of the Policy as it is user friendly and outlines the steps for resident's should they need to file a grievance.

17-127 Vote 5 in favor; 0 opposed; 0 abstaining

Regional Legal Services Program for State-Aided Housing Programs Participation

Agreement: Commissioner Levitch moved and Commissioner Flaccus seconded a motion to authorize Executive Director, Gina Govoni, as contracting officer, to enter into an agreement between the Regional Legal Services Program (the "Program") and Shelburne Housing Authority to engage with pre-qualified legal service practitioners (the "Attorney(s)") for legal assistance with regard to the day-to-day operations of the HA, as well as to obtain specialized legal counsel and training on legal topics, acknowledging the terms and conditions of the Program and adherence to such terms as a condition for receipt of state funding which shall be used exclusively for Program purposes.

G. Govoni explained that this is an authorization to continue doing business with SHA's current lawyer, Attorney John Liebel. He's been the SHA attorney for many years and is very responsive, resourceful and helpful. This agreement allows us to work directly with Atty. Liebel, rather than through DHCD.

DHCD has also included in this packet money budgeted for board trainings. She requested that if any members would like to take a training to let her know.

17-128 Vote 5 in favor; 0 opposed; 0 abstaining

Executive Director Contract: Commissioner Levitch moved and Commissioner Payne seconded a motion to approve changes to the calculation methodology in the existing Executive Director Contract between the SHA Board of Commissioners and Gina Govoni, as presented.

G. Govoni reported that the presented contract is her existing contract which notes an amendment. There was an error in the Executive Director Salary Fee in the original contract which has now been corrected. This increase in the salary fee from the SHA management fee does not change her salary.

17-129 Vote 5 in favor; 0 opposed; 0 abstaining

Shelburne CFA 5001 Amendment #9-FY2022 Formula Funding Award and FY 2020 Health & Safety Initiative Award: Commissioner Maccini moved and Commissioner Levitch seconded a motion to authorize Susan Flaccus, SHA Board Commissioner Chair, to execute contract Amendment #9 to **CFA 5001** in the amount of **\$47,257.00** which funds #268013 FY 2023 Formula Funding Award of **\$37,257.00** and #268038 FY2020 Health and Safety Initiative of **\$10,000**. The amendment also extends the contract dates of service from June 30, 2022 to June 30, 2023.

No discussion.

17-130 Vote 5 in favor; 0 opposed; 0 abstaining

3. Staff Report

G. Govoni provided the following updates:

1. The Shelburne Housing Authority's address and phone number has been corrected through Google.
2. Building signage is posted. Commissioner Weld asks that property management be informed that the letter C on Building C is upside down.
3. The parking lot project, vestibule, line painting and tree removal have been delayed due to COVID.

4. Documents for informational purposes sent via email:

- PHN 2020-22-Quarterly Operating Statement for Local Housing Authorities
- DHCD Notice-Lease ups in c.667 during COVID-19
- DHCD Go To Meeting Participant Guide

- PHN 2020-23-Phase I & II Reopening Guidance
- PHN 2020-24-Design and Funding Guidelines for Adapting LHA Office Spaces for Social Distancing and Indoor Air Quality
- Testing in Senior Housing FAQs
- May/June 202 MassNAHRO Newsletter

5. Other business not reasonably anticipated 48 hours in advance:

None

6. Documents Used:

- June 8, 2020 Regular Meeting Minutes
- Property Management Report
- Executive Director Contract Calculation Worksheet
- Shelburne 5001 Formula funding Amendments
- SHA Grievance Policy and Procedures
- Regional Legal Services Program for State-Aided Housing Programs Participation Agreement
- SHA Fy2021 Annual Plan

7. Resident and Public Participation:

8. Adjournment

There being no additional business, Commissioner Levitch moved and Commissioner Weld seconded a motion to adjourn the regular meeting at 6:28 PM. The next regular meeting of the SHA Board of Commissioners is scheduled for August 12, 2020 via Zoom.

Respectfully submitted,

Gina Govoni
Secretary ex officio

SHELBURNE HOUSING AUTHORITY

Chapter 667 Housing Summary Fall 2016

The Center for Survey Research at the University of Massachusetts Boston sent surveys to 9624 housing units (Chapter 667) in Massachusetts in the fall of 2016. 5511 residents responded.

Surveys were sent to **46** housing units (Chapter 667) in the **Shelburne Housing Authority**. **34** surveys were completed.

This report provides some information about how the residents from the **Shelburne Housing Authority** who answered the survey responded. It compares answers to those from the entire state and to those from small LHAs in Western Massachusetts. These small LHAs in Western Massachusetts include: Brimfield, East Longmeadow, Hatfield, Holyoke, Lee, Ludlow, Montague, Orange, Palmer, Shelburne, Southwick, and Williamstown.

Communication

Residents in Ch. 667 housing were asked about how they interacted with the Shelburne Housing Authority in the last 12 months. The table below shows what percentage of residents said they did each of the following:

	Shelburne Housing Authority	Small LHAs in Western MA*	Entire State
Contacted management about a problem or concern.....	85%	76%	76%
Felt they were usually or always treated with courtesy and respect when they contacted management.....	93%	91%	88%
Saw the Capital Improvement Plan.....	56%	31%	31%
Saw the Operating Budget.....	35%	17%	17%
Knew the Executive Director held a meeting with residents...	72%	61%	53%

* Small LHAs in Western Massachusetts include: Brimfield, East Longmeadow, Hatfield, Holyoke, Lee, Ludlow, Montague, Orange, Palmer, Shelburne, Southwick, and Williamstown.

Services and Programs

47% of the Shelburne Housing Authority residents in Ch. 667 who responded to the survey said they would be interested in services and programs. Here are the services and programs residents said they would be most interested in participating in:

	Shelburne Housing Authority	Small LHAs in Western MA	Entire State
Job training programs.....	0%	4%	6%
Money management programs (<i>budgeting, taxes, income building</i>).....	9%	11%	9%
Children’s programs (<i>tutoring, childcare, afterschool programs</i>).....	3%	1%	2%
Health and Medical Services (<i>visiting nurse, meal programs</i>).....	32%	37%	35%
Adult Education (<i>GED, ESL, educational counseling</i>)	3%	7%	11%

Maintenance and Repair

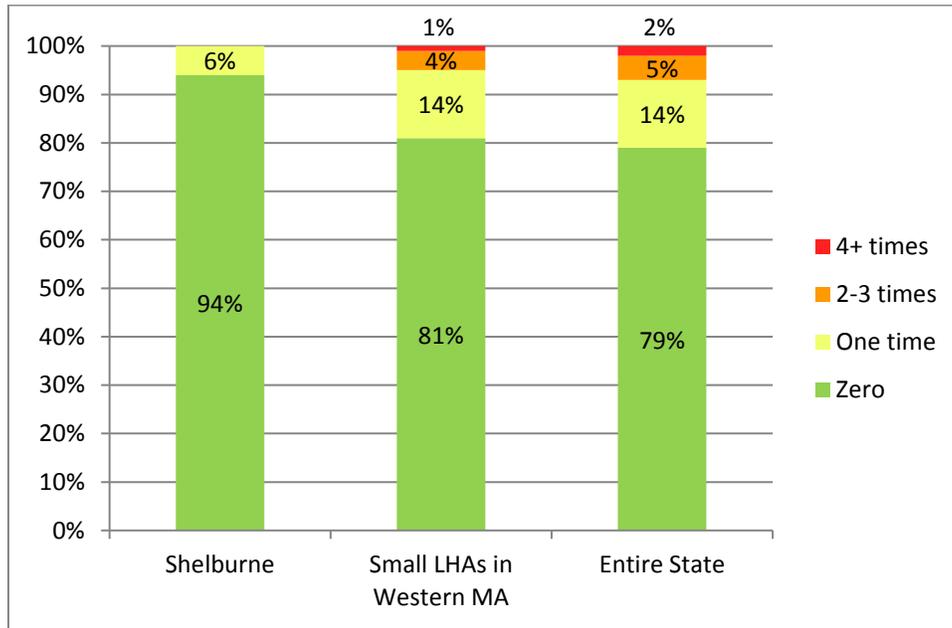

- **Who had problems?** Less than one-tenth of respondents had a problem with their heating and over one-third had a plumbing problem in the last 12 months.

	Shelburne Housing Authority	Small LHAs in Western MA	Entire State
Had a heating problem.....	6%	18%	20%
Had a problem with water or plumbing.....	41%	46%	48%

- **Heating Problems**

How many times did residents have heating problems?

The charts below shows how many times respondents had heat problems in the last 12 months. The green part of the bars shows what percentage of residents did not have the problem at all. The yellow shows who had the problem one time. The orange shows those who had the problem 2-3 times. And the red shows those who had the problem 4 or more times in the last 12 months.

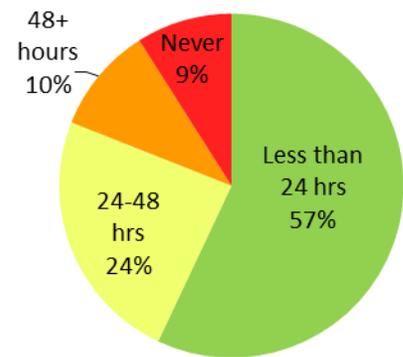

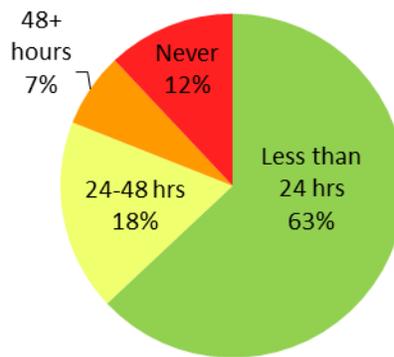

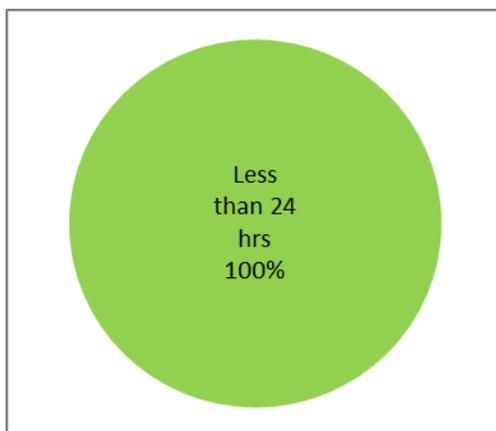

How long did it take to fix the heating problems? For those respondents who had problems, we asked how long it usually took for the problems to be fixed – less than 24 hours, 24 - 48 hours, more than 48 hours, or never fixed.

Shelburne Housing Authority

Small LHAs in Western MA

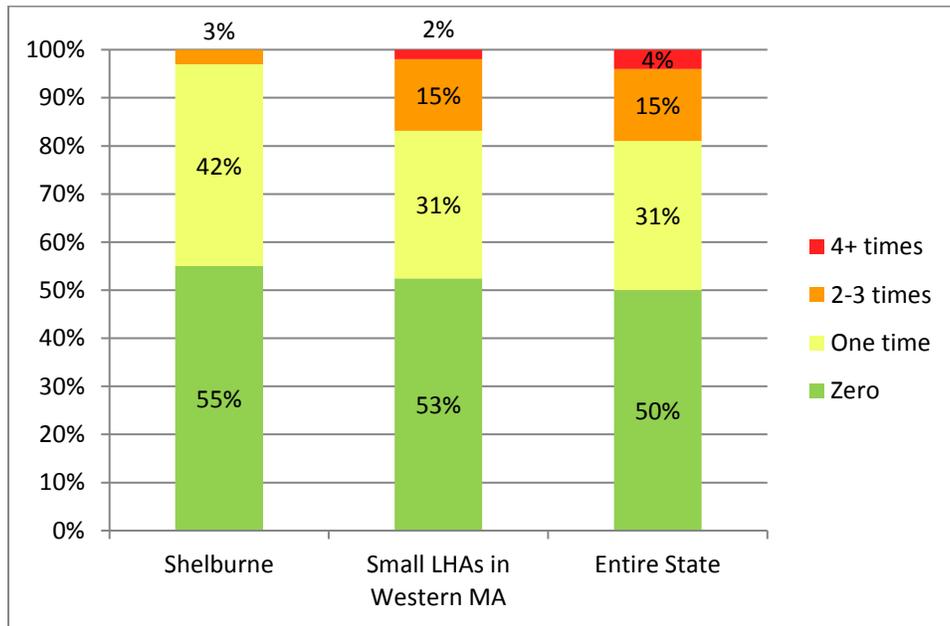

Entire State

- Water or Plumbing Problems**

How many times did residents have problems with their water or plumbing?

The charts below shows how many times respondents had water or plumbing problems in the last 12 months. The green part of the bars shows what percentage of residents did not have the problem at all. The yellow shows who had the problem one time. The orange shows those who had the problem 2-3 times. And the red shows those who had the problem 4 or more times in the last 12 months.

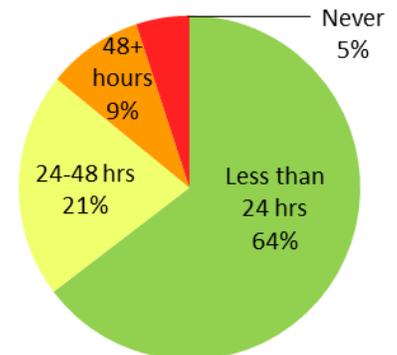

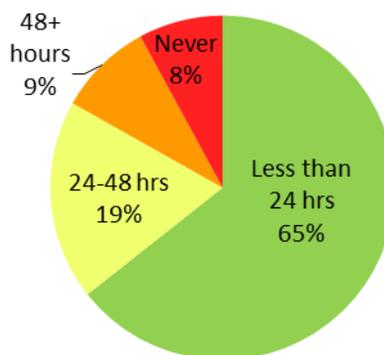

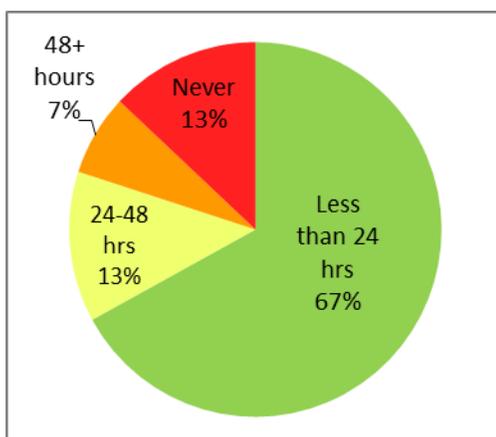

How long did it take to fix the water or plumbing problems? For those respondents who had problems, we asked how long it usually took for the problems to be fixed – less than 24 hours, 24 - 48 hours, more than 48 hours, or never fixed.

Shelburne Housing Authority

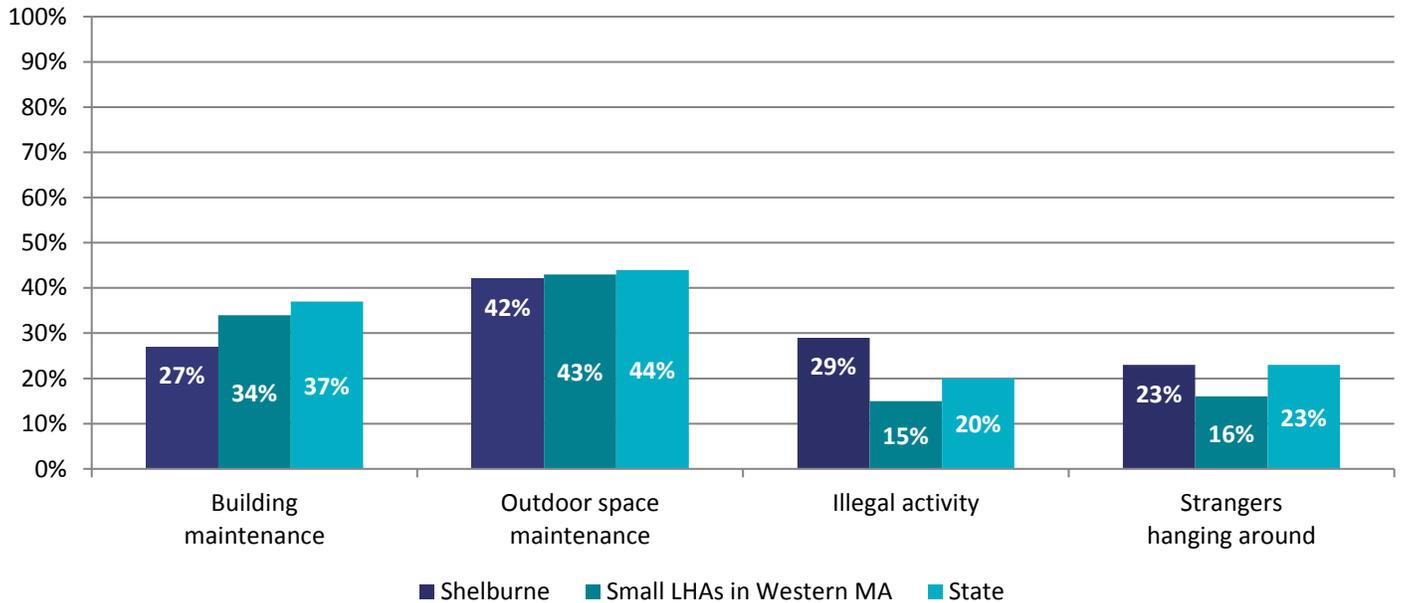

Small LHAs in Western MA

Entire State

- What other problems did respondents have?** Respondents were asked how often they had problems with: building maintenance (*such as clean halls and stairways and having lights and elevators that work*), outdoor space maintenance (*such as litter removal and clear walk ways*), illegal activity in the development, and strangers hanging around who should not be there. The chart below shows what percentage of respondents said that they “always” or “sometimes” had this problem in the last 12 months.

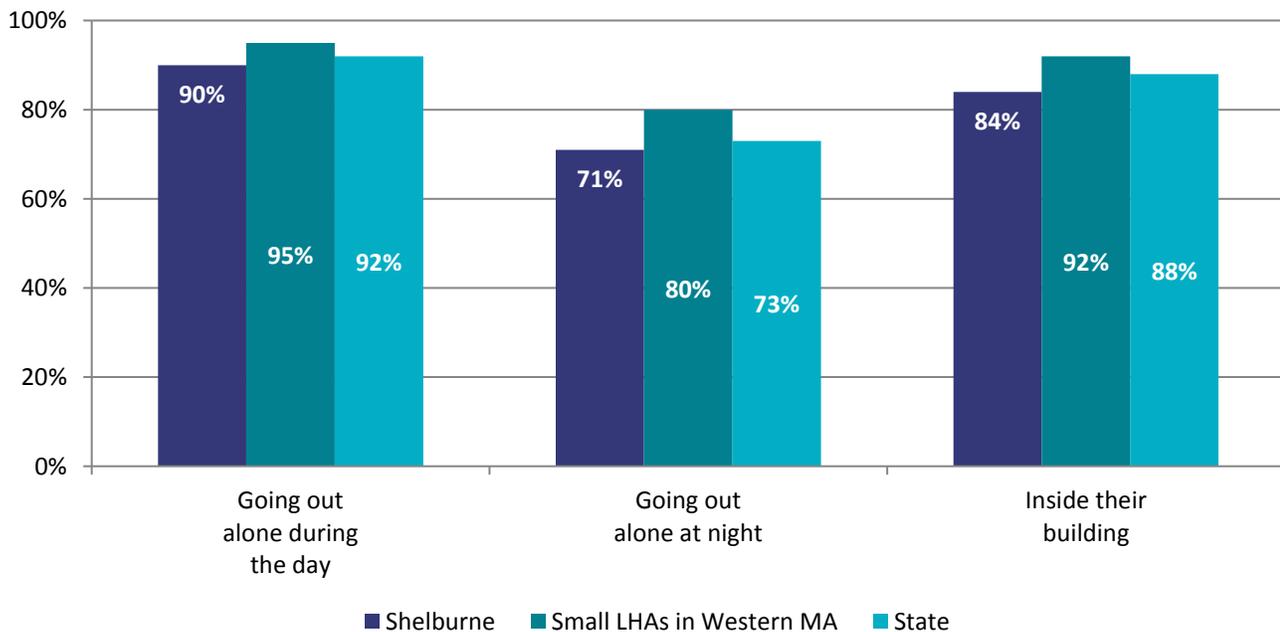

Respondents who “always” or “sometimes” had problems with...

Safety

Respondents were asked how safe they felt in their building and going outside alone. The chart below shows what percentage of people said they felt “very safe” or “mostly” safe.

Respondents who felt “very safe” or “mostly safe”

Rating 705: Not Applicable

- Enter vacancies into system at least monthly and ensure that there are no duplicates. Reach out to HMS if accidental duplicates occur.
- Use online vacancy system, see user guide if need help. All vacancies must be reported; and quarterly certifications must be completed certifying all data is in system. Request waivers when applicable.
- Follow tenant selection best practices to improve vacancy turnover (pulling lists in CHAMP as soon as vacancy occurs and previewing list to prescreen in advance of vacancies as needed).
- Include unit turnovers in capital improvement plan.
- Engage in a management agreement or contract with private firms to help with heavy unit turnover.
- Review turnovers with staff weekly or biweekly to monitor status of vacant units.
- Develop plan for updating units with long term occupancy to limit turn over time at vacancy; family units may need consistent attentions o when lease up, condition is not affecting vacancy turnover time.
- Ensure that yearly inspection findings are addressed and address tenant damage/lease violations.
- Other:**

Tenant Accounts Receivable (TAR)

Rating All: Corrective Action

Rating 667: Corrective Action

Rating 200: Not Applicable

Rating 705: Not Applicable

- Create or update rent collection policy and procedures and submit to DHCD for review, with supporting Board vote.
- Adhere to your rent collection policy and lease, i.e. sending notices, reminder letters, 14 day notice to quit, 30 day notice etc. Send notices to tenants early and frequently.
- Increase ways to accept rent payment, i.e. check scanners, lock boxes, electronic debit, autopay, etc.
- Report to credit bureau when resident has vacated unit with past due rent balance.
- Consider using small claims court (<https://www.mass.gov/info-details/massachusetts-law-about-small-claims>)
- Create written repayment agreements, either in house or court ordered, and ensure they are adhered to.
- Evaluate vacated balances to better understand what is collectible and what is unlikely to be collected. Don't allow tenant balances to build-up before doing lease enforcement. Review aged receivables report regularly.
- Set reasonable thresholds for commencing legal action.
- Ensure proper documentation of past due balances and collection efforts with tenants.
- Other: Tenant Accounts Receivables (TAR) were not submitted in time to DHCD. TAR application due to DHCD within 60 days of quarter end.**

Certifications and Reporting Submissions

Rating: Operational Guidance

- Submit all four quarterly vacancy certifications by the end of the month following the quarter end.
- Submit all four quarters of Tenants Accounts Receivables (TAR) application within 60 days of quarter end.
- Submit all four quarterly operating statements within 60 days of the quarter end.
- Schedule board meetings well in advance. Consider scheduling a backup date to ensure you are able to have your board vote/approval in time to meet reporting deadlines.
- Set a recurring appointment in your email calendar for help remembering reporting dates and deadlines.
- Other: Please refer to PHN 2018-08 for important dates for the Year-end financial Statements.**

Adjusted Net Income/Revenue

Rating: Corrective Action

- Revenue:**
- Update and adhere to rent collection policy
 - Update marketing plan
 - Update internal policies related to vacant unit turnover
 - Review rent roll to identify outstanding rents and/or patterns of rent delinquency.
 - Review operating statements to identify trends in revenue collection such as LHA-wide or development-centered rent issues.
 - Follow tenant selection best practices to improve vacancy turnover (pulling lists in CHAMP as soon as vacancy occurs and previewing list to prescreen in advance of vacancies as needed)
 - Set up repayment agreements with tenants as soon as tenant becomes in arrears; do not let large balances accrue.
 - Make it easier for tenants to pay rent. For example, consider online payments, lockboxes for night time drop-off or extended office hours
 - Review budget reports with both fee accountant/financial staff and your board to stay on top of revenue trends.
 - Ensure rent determinations are completed regularly and are in adherence with DHCD policy

Expense:

Salaries

- Monitor expenses throughout the year; over or underspending in certain budget lines, can be fixed by reducing or increasing other lines to ensure you stay within your ANUEL.
- Consider a reorganization of staff time/roles and improve processes.
- Hire temporary workers or offer overtime to current employees to pick up the workload of staff out on leave.
- Ensure your budget is in compliance with state and federal requirements regarding allocations.

Legal

- Review and if needed revise tenant selection process, rent collection process and notice to quit process to reduce evictions/legal costs.
- Start tracking or better estimate eviction costs based on historical averages throughout the year. If legal costs for evictions are running higher than expected, reduce other budget lines to ensure you stay within your ANUEL.
- If you qualify, use DHCD's regional attorney program.

Utilities

- Use online resources such as WegoWise, MassEnergyInsight or software provided by your utility company to track and monitor utility usage. Review the usage monthly to look for unusual expenditures.
- Weatherize units to improve insulation. Reach out to maintenance director or DHCD staff for more information.
- Request a referral from your HMS to DHCD's sustainability coordinator if you are interested in saving money through the installation of low-flow toilets, showerheads, LED lights or other cost-savings, energy-efficient measures. DHCD frequently has incentive programs that pay for the procurement and installation of energy and water saving appliances and tools at your LHA.
- Ensure that you have an air conditioner policy that precludes a/c being in windows out of season/enforce policy if already in place.

Maintenance

- Develop or update your preventive maintenance, deferred maintenance and routine maintenance plans and review monthly with maintenance staff.
- Develop or update your procurement and purchasing policies and review with staff.
- Develop a system to schedule and track preventive maintenance, reach out to your facilities management specialist for assistance.
- If contractor costs are high, see if your current maintenance team can complete the work or if it is possible to contract with a tradesman.
- Consider bulk purchasing for supplies and shop around for the best deals.
- Consider investing (through purchase or maintenance) in equipment that may reduce hours spent on maintenance (such as a snow blower to reduce time shoveling).
- Other: Year-End (4th) Quarter financial statements were not submitted in time to DHCD. Quarterly/Year-End financial statements due 60 days after quarter end. Please refer to PHN 2018-08 for important dates.**

Operating Reserve

Rating: Corrective Action

- Please refer to PHN 2018-04 and current budget guidelines for information on operating reserve
- An LHA may spend down to 35% of maximum reserve level without consulting DHCD, but the LHA must budget these expenses in the correct line items of their annual operating budget. If the expense occurred after DHCD approval of the annual operating budget, the LHA should submit a budget revision with these expenditures.
- Any expenditures from the operating reserve that will result in a projected operating reserve of less than 35% of maximum reserve level, requires *prior written approval* from DHCD, *unless the expenses are to resolve health and safety issues*.
- Each LHA must maintain a projected operating reserve of 20% of maximum reserve level, which *remains the minimum operating reserve level for all LHAs*.
- Other: Unable to calculate Operating Reserve. Year-End (4th) Quarter was not submitted in time. Therefore, this category cannot be reviewed for compliance with the budget guidelines and the PMR guidelines. Please refer to PHN 2018-08 for important dates.**

Board Member Training

Rating: No Findings

- Ensure you update the board attendance application with the most recent board members, and their term dates.
- Ensure each board member has a unique email for the board member training.
- Provide computer guidance as needed to help board members complete the training.
- Other:**

PMR Capital Benchmarks for LHA Fiscal Year 2019

DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (DHCD) PMR Fiscal Year 2019	
For a detailed report of the Performance Management Review (PMR), please contact the Local Housing Authority	
Criteria	Score/Rating
	Capital
Capital Improvement Plan (CIP) Submitted	No Findings
Capital Spending	Operational Guidance

Inspection and Work Order System Criteria	Rating
Inspections	
LHA conducted 100% of the unit inspections.	No Findings
Inspections report noted 100% of the necessary repairs in each unit.	No Findings
100% of inspection-related work orders were generated.	No Findings
Work order system identifies, tracks, and can produce reports for inspection work orders.	No Findings
Inspection work orders were completed within 30 calendar days from the date of inspection, OR if cannot be completed within 30 calendar days, are added to the Deferred Maintenance Plan or included in the Capital Improvement Plan in the case of qualifying capital repairs (unless health/safety issue).	No Findings
Work Order System	
Emergency work orders defined per PMG, identified, tracked, reportable.	No Findings
Emergency work orders initiated within 24 to 48 hours.	No Findings
Vacancy work orders identified, tracked and reportable.	No Findings
Vacancy work orders were completed within 30 calendar days or if not completed within that timeframe, LHA has a waiver.	No Findings
Comprehensive Preventive Maintenance Program exists & preventive work orders identified, tracked, and reportable.	No Findings
Routine work orders identified, tracked, reportable and completed regularly.	No Findings
Requested work orders are identified, tracked and reportable.	No Findings
Requested work orders were completed in 14 calendar days from the date of tenant request or if not completed within that timeframe (and not a health or safety issue), the task was added and completed in a timely manner as a part of the Deferred Maintenance Plan and/or CIP.	No Findings
LHAs have a 24 hour system for responding to emergencies and have distributed definition of emergency to residents, staff and answering service (if applicable).	No Findings

Health and Safety Violations. Must be initiated within 24 to 48 hours. If the box below is not checked, you did not have any health and safety violations.

DHCD will provide a list of health and safety violations found. Inspection reports will be provided by your HMS. The health and safety items have an 'X' in the HS column of the inspection report. Actions to correct these violations must be initiated within 24 to 48 hours. When you have completed work orders for these items send documentation to dhcd-phinspectionviolations@massmail.state.ma.us. In the subject line please indicate the LHAName and the PMR Year. If health and safety violations are not resolved within 60 days, DHCD will follow-up with a second site visit.

Criteria A: LHA conducted 100% of the unit inspections - No Findings

- Look to a nearby LHA for help with inspections (formulate a management agreement)
- Attend a Regional DHCD-led Inspection Training (in person)
- Refer to Property Maintenance Guide - Chapter 3 on Inspections See Handout B
- Consider Organization of Staff (see Chapter 4 of PMG) See Handout B
- Develop/Improve internal organizational processes and procedures to ensure you are properly scheduling, tracking, and documenting inspections throughout the year.
- Consider software (web-based applications) or Excel/Access to help you conduct/track/document inspections See Handout H
- Schedule your inspections throughout the year (by development or by anniversary date), rather than once a year
- Hire a qualified contractor (contact the DHCD Compliance Specialist (#617-573-1100 or dhcd-publichousingprocurement@massmail.state.ma.us) for procurement information)

Additional Notes:

Criteria B: Inspection report noted 100% of the necessary repairs in each unit - No Findings

- Unable to make recommendations as did not notify tenants of possible inspections
- Attend a Regional DHCD-led Inspection Training (in person)
- Look into maintenance trainings offered by MAHAMS See Handout L
- Include tenant violations in inspection reports
- Review state sanitary code (https://www.mass.gov/files/documents/2016/07/pv/105cmr410_0.pdf)

Additional Notes:

Criteria C: 100% of inspection-related work orders were generated - No Findings

- Attend a Regional DHCD-led Inspection Training (in person)
- Refer to Property Maintenance Guide - Chapter 3 on Inspections See Handout B
- Ensure all tenant violations are included in the inspection report and that these violations are followed-up on by administrative staff with the tenant.
- Develop internal organizational processes and procedures to ensure you are properly generating and tracking inspection work orders throughout the year
- Improve internal organizational processes and procedures to ensure you are properly generating and tracking inspection work orders throughout the year
- Consider software (web-based applications) or Excel/Access to help you conduct/generate/track inspections See Handout H

Additional Notes:

Work Order System Identifies, Tracks, and Can Produce Reports for the Following

Criteria D: Inspection - No Findings

Criteria F: Emergency (defined per PMG) - No Findings

Criteria H: Vacancy - No Findings

Criteria K: Routine - No Findings

Criteria L: Requested - No Findings

- Consider software (web-based applications) or Excel/Access to help you generate/track/close out work orders See Handout H
- Refer to Property Maintenance Guide - Chapters 1 to 3 on Work Order Systems See Handout B
- Refer to PHN 2016-16 and 2016-36 and 2018-8 on Maintenance Aspects of Performance Management Review See Handout C+D
- Train staff on work order types and how to input them into your work order system/If you use web-based software, reach out to your vendor for training/training materials/changes to the software See Handout K + Software Handouts (M, N, or O) If Applicable
- LHA should align work order types, their priorities and a definition of what is considered an emergency with the Property Maintenance Guide (Pages I-5 to I-10) See Handout B + K
- Look to other LHAs with strong work order systems/processes and procedures around work orders and ask for their assistance
- Definition of Emergency Work Orders Should Be Conditions (no matter the time of day) which are immediately threatening to the life or safety of your residents, staff, or structures. LHA should create emergency list and distribute to staff and tenants. Produce emergency work orders for any work that is on list and initiate work within 24 to 48 hours. See Handout J
- LHA should establish a system of move out inspections for all vacant units. Produce work orders from those move out inspection reports, and list on work order time spent working on turnover, date turnover was started and date finished, list of work done, and material used.

Additional Notes:

Timely Completion of Work Order Types

Criteria E: Inspection - No Findings

Criteria G: Emergency - No Findings

Criteria I: Vacancy - No Findings

Criteria M: Requested - No Findings

- Consult DHCD's list of work order types, their priorities and a definition of what is considered an emergency See Handout J + K
- Refer to Property Maintenance Guide - Chapters 1 to 3 on Work Order Systems See Handout B
- Refer to PHNs 2016-16 and 2016-36 and 2018-8 on Maintenance Aspects of Performance Management Review See Handout C + D
- Vacancy turnovers should be completed within 30 calendar days or less. If cannot complete work within 30 days, LHA should contact Housing Management Specialist for a waiver. Use Online Vacancy System to Apply for Waivers (see PHN 2013 - 07) for Waiver Types (if waiver-eligible) See Handout G
- Consider Use of Capital Improvement Plan (CIP) for Capital Projects (see PHN 2012-22 for Capital vs. Operating funds; Contact Your Project Manager or RCAT for More Information) See Handout I
- Hire a qualified contractor (if plan to procure, contact DHCD Compliance Specialist (#617-573-1100 or dhcd-publichousingprocurement@massmail.state.ma.us) for procurement information
- Schedule your inspections throughout the year (by development or by anniversary date), rather than once a year
- Train staff on work order types and how to input them into your work order system/If you use web-based software, reach out to your vendor for training/training materials/changes to the software See Handout K + Software Handouts (M, N or O) If Applicable
- Consider software (web-based applications) or Excel/Access to help you generate/track/close out work orders See Handout H
- Consider Use of a Deferred Maintenance Plan/Operating Funds (Talk to Facilities Management Specialist and/or Housing Management Specialist)
- Look into Maintenance trainings offered by MAHAMS See Handout L
- Look into Dwelling Unit Inspection trainings offered by DHCD
- Look to other LHAs with strong work order systems/processes around work orders and ask for their assistance (possibly formulate a management agreement)
- Request Vacant Unit Funds (see PHN 2016-34 for more information) See Handout F
- Look for other external funding sources
- Build a broader vendor network (to ensure timely delivery of parts/materials)
- Consider Organization of Staff (see Chapter 4 of PMG) See Handout B

Additional Notes:

Emergency Work Order:

Vacancy Work Order:

Timeliness Requested Work Order:

Timeliness of Inspection Work Order:

Criteria J: Comprehensive Preventive Maintenance Program Exists + Preventive Work Orders Identified, Tracked, Reportable - *No Findings*

- ☐ Refer to the Property Maintenance Guide (Pages I-23 to I-32 and Pages 8-7 to 8-26) See Handout B
- ☐ Refer to Annual PHNs on this topic, latest of which was PHN 2016-18 "Preventive Maintenance Monthly Reminders" See Handout E
- ☐ Process to schedule, generate, prioritize, and track work orders as a part of the Preventive Maintenance Program (consider using software to automate processes where possible) See Handout H
- ☐ Designate one person with the responsibility of reviewing/updating the Preventive Maintenance Program on a regular basis, as well as in real-time as new equipment is purchased
- ☐ Create a Preventive Maintenance Program/Plan that helps in the upkeep of all buildings and equipment. Work orders should be created and closed for all items on Preventive Maintenance Plan; Consult the Property Maintenance Guide (Pages I-23 to I-32) and Public Housing Notices 2016 - 18 "Preventive Maintenance Reminders" for how to develop a Preventive Maintenance Program See Handout B
- ☐ Consider software (web-based applications) or Excel/Access to help you generate/track/close out work orders See Handout H
- ☐ Refer to Property Maintenance Guide - Chapters 1 to 3 on Work Order Systems See Handout B
- ☐ Refer to PHN 2016-16 and 2016-36 and 2018-8 on Maintenance Aspects of Performance Management Review See Handout C+D
- ☐ Train staff on work order types and how to input them into your work order system/If you use web-based software, reach out to your vendor for training/training materials/changes to the software See Handout K + Software Handouts (M, N, or O) If Applicable
- ☐ Look to other LHAs with strong work order systems/processes and procedures around work orders and ask for their assistance

Additional Notes:

Criteria N: 24 Emergency Response System, Distributed Emergency Definition to Residents, Staff, and Answering Service (if applicable) - *No Findings*

- ☐ Create an Emergency System that Is Available 24 Hours a Day (if plan to procure, contact DHCD Compliance Specialist (#617-573-1100 or dhcd-publichousingprocurement@massmail.state.ma.us))
- ☐ Refer to Property Maintenance Guide (Pages I-5 to I-10) on Emergencies and System Setup See Handout B
- ☐ LHA should create a list of emergency items and distribute to all staff, tenants and answering service if have one. Produce emergency work orders for any work that is on your emergency list and initiate work within 24 to 48 hours. See Handout J

Additional Notes:
